Mark has been written about Guy McCubbin's immense influence on California history, and on history beyond California's borders—and rightly so. But the subject of this book, the man who gave and gave back to California, has been Guy McCubbin's story of others. Guy was well prepared to maximize his influence during the inception of new history in California in the 1940s and 1950s. While others have given and given and had major influence on the situation, Guy has devoted himself to the study and preservation of these birds and beyond all others. Guy was the star of the founding members of the California Bird Society (CBS), and he has remained a driving force of the Committee on the Birds of the CBS, past and present, steadily devoted his back to Guy, and with him many more and birds to come.

Historicizing Life-Writing and Egodocuments in Early Modern Europe James R. Farr,Guido Ruggiero,2022-01-12 This volume historicizes the study of life writing and egodocuments focusing on early modern European reflections on the self self fashioning and identity Life writing and the study of egodocuments currently tend to be viewed as separate fields yet the individual as a purposive social actor provides significant common ground and offers a vehicle both theoretical and practical for a profitable synthesis of the two in a historical context Echoing scholars from a wide range of disciplines who recognize the uncertainty of the nature of the self these essays question the notion of the autonomous self and the attendant idea of continuous identity unfolding in a unified personality Instead they suggest that the early modern self was variable and unstable and can only be grasped by exploring selves situated in specific historical and social cultural contexts and revealed through the wide range of historical documents considered here The three sections of the volume consider first the theoretical contexts of understanding egodocuments in early modern Europe then the practical ways egodocuments from the period may be used for writing life histories today and finally a wider range of historical documents that might be added to

what are usually seen as egodocuments
