*Merely Christianity* Robert M. Price, 2022-01-18 In this powerful volume Robert M Price engages in serious scrutiny of the beliefs and thinking of genuine Christian theologians and explains why he no longer finds that cardinal Christian claims make enough sense to believe As he concludes the gospel proclamation is not a timeless revelation from heaven but merely Christianity

*The Reason Driven Life* Robert M. Price, 2009-09-25 As a rejoinder to the fundamentalist assumptions of Pastor Rick Warren's *The Purpose Driven Life* a biblical scholar offers a witty thoughtful and detailed critique

*Deconstructing Jesus* Robert M. Price, 2009-09-25 After more than a century of New Testament scholarship it has become clear that the Jesus of the gospels is a fictive amalgam reflecting the hopes and beliefs of the early Christian community and revealing very little about the historical Jesus Over the millennia since the beginning of Christianity various congregations from fundamentalist to liberal have tended to produce a Jesus figurehead that functions as a symbolic cloak for their specific theological agendas Through extensive research and fresh textual insights Robert M Price paves the way for a new reconstruction of Christian origins Moving beyond the work of Burton L Mack and John Dominic Crossan on Jesus movements and Christ cults which shows how the various Jesus figures may have amalgamated into the patchwork savior of Christian faith Price takes an innovative approach He links the work of F C Baur Walter Bauer Helmut Koester and James M Robinson with that of early Christ myth theorists two camps of biblical analysis that have never communicated Arguing that perhaps Jesus never existed as a historical figure Price maintains an agnostic stance while putting many puzzles and scholarly debates in a new light He also incorporates neglected parallels from Islam the Baha i Faith and Buddhism *Deconstructing Jesus* provides a valuable bridge between New Testament scholarship and early freethinkers in a refreshing cross fertilization of perspectives

*The Pre-Nicene New Testament* Robert M. Price, 2006 In this monumental work Professor Price offers an inclusive New Testament canon with twenty seven additional sacred books from the first three centuries of Christianity including a few of the Dead Sea Scrolls and Nag Hammadi writings Price also reconstructs the Gospel of Marcion and the lost Gospel according to the Hebrews Here for the first time is a canon representing all major factions of the early church As an interpretive translation Price's text is both accurate and readable and is tied more closely to the Greek than most previous translations Price conveys the meanings of words in context carefully choosing the right phrase or idiom to convey their sense in English For words that had a specific theological import when first written Price leaves the Greek transliteration giving readers archons for the fallen angels thought to be ruling the world paraclete for encourager and pleroma for the Gnostic godhead Within the collection each book is introduced with comments about the cultural setting information about when a document was probably written and significant textual considerations which together form a running commentary that continues into the footnotes The findings of scholars documented and summarized by Price will come as a surprise to some readers It appears as Price suggests that most of what is known about Jesus came by way of revelation to Christian

oracles rather than by word of mouth as historical memory In addition the major characters in the New Testament including Peter Stephen and Paul appear to be composites of several historical individuals each their stories comprising a mix of events legend and plot themes borrowed from the Old Testament and Greek literature In the New Testament world theology developed gradually along different trajectories with tension between the charismatic ascetics such as Marcion and Thecla as examples and the emerging Catholic orthodoxy of such clergy as Ignatius and Polycarp The tension is detectable in the texts themselves many of which represent heretical points of view Gnostic Jewish Christian Marcionite and proto orthodox and were later edited sometimes clumsily in an attempt to harmonize all into one consistent theology What may occur to many readers among the more striking aspects of the narratives is that the earliest most basic writings such as Mark s Gospel in inarticulate Greek are ultimately more impressive and inspirational than the later attempts by more educated Christians to appeal to sophisticated readers with better grammar and more allusions to classical mythology and apologetic embellishments The critical insights and theories on display in these pages have seldom been incorporated into mainstream conservative Bible translations and in many ways Price has made the New Testament a whole new book for readers allowing them by virtue of the translation to comprehend the meaning of the text where it is obscured by the traditional wording Whatever usefulness teachers students and clergy may find here in terms of pedagogical and inspirational value The Pre Nicene New Testament is guaranteed to provoke further thought and conversation among the general public hopefully toward the goal of more personal study and insights

*The Da Vinci Fraud* Robert M. Price, 2009-12-30 Was Leonardo Da Vinci a member of the Priory of Sion a secret society reaching all the way back to the Crusades Does his famous painting The Last Supper contain a hidden code about this society s most precious secret Did Jesus father children by Mary Magdalene What was the Holy Grail The best selling novel *The Da Vinci Code* by Dan Brown has stirred the popular imagination by cleverly interweaving theories about such questions with a fast paced fictional narrative Many readers have been so swept away by the drama of this murder mystery that they have accepted Brown s fictional reconstruction of Christian origins and medieval history as established fact New Testament scholar Robert M Price a member of the prestigious Jesus Seminar examines the creative uses of history in Brown s novel showing that however intriguing Brown s fictional speculations may be the real facts behind the novel are even more fascinating What does the best historical evidence say about the possibility that Jesus might have survived the crucifixion How did the Gospels come to be accepted as the established accounts of Jesus life and why were other Gnostic traditions suppressed How did the Roman Emperor Constantine figure in the development of Christian dogma What was Mary Magdalene s role in early Christianity and how was it adapted in later attempts to develop a sacred feminine element in Christianity These are some of the important questions about Christianity that Dr Price pursues in this engrossing discussion of Christian history Price combines sophisticated historical analysis with completely accessible and witty prose in this enlightening factually based analysis of Brown s speculative bestseller [Atheism and Faithism](#)

Robert M. Price,2017-09-26 Theologian and writer Robert M Price is perhaps best known today for his scholarly arguments against the existence of a historical Jesus Yet he has been at various times in his career an agnostic an exponent of Liberal Protestant theology a nontheist a secular humanist a religious humanist a Unitarian Universalist wannabe an unaffiliated Universalist and a Fellow of the Jesus Seminar Any way you cut it he is not your typical atheist This collection of his best essays demonstrates his love for the various great religions which he views as endlessly fascinating expressions of the human spirit Beneath the keen insights and sharp critiques he offers whether the subject is theology secularism or biblical studies the essays themselves are also deeply personal and revealing Read together they document his self extrication from the born again Christianity in which he dwelt for some dozen years and his subsequent rise to celebrated freethought advocate whose work has challenged an entire field

*Varieties of Jesus Mythicism* John W. Loftus,2022-06-29 To most people on the planet the existence of Jesus is a given Of course he did They take it for granted that he existed simply because it reaffirms their faith But to the rest of us who don t believe in a supernatural Jesus the question of the historicity of Jesus is not simple There are thousands of different ideas about to what extent the Jesus tales were based on a real man or men or woman Did Jesus even exist and if not what best explains the rise of such a character in the New Testament That is where John W Loftus and Robert M Price come in Each with decades of experience in the fields of theology and Christian history Loftus and Price have compiled essays from some of the top authorities on Jesus mythicism to establish the world s first academic catalogue of mythicist beliefs Experts who provided chapters include David Fitzgerald Joseph Atwill Michael Lockwood and more The question is no longer simply Did Jesus even exist In this compilation you ll find yourself questioning everything about the Christ story and how it truly began
