Screens of Blood Gregory Desilet,2014-02-10 Civilization seems to move ever more toward the power of words over weapons But many people especially Americans still believe wrongs in life can be righted with a fist or a gun or a bomb Cultural mythology lags reality and continues to send the message of regeneration through violence But the transition to a healthier mythology is already underway and can be seen in the strength of an alternative trend in depictions of violence in storytelling This book examines this trend by comparing examples drawn from film and television with the traditional popular dramatic approach reflecting and promoting a culture of violence This comparison shows that attitudes toward conflict in drama are a key indicator of a shift in awareness of violence in society The book concludes with an account of increasing challenges confronting the individual in today s world and the necessity for individual producers and consumers to take greater responsibility for their choices which shape culture through omnipresent and profoundly influential screen technology

New Perspectives on the War Film Clémentine Tholas, Janis L. Goldie, Karen A. Ritzenhoff, 2019-09-14 New Perspectives on the War Film addresses the gap in the representation of many forgotten faces of war in mainstream movies and global mass media The authors concentrate on the untold narratives of those who fought in combat and were affected by its brutal consequences Chapters discuss the historically under represented stories of individuals including women African American and Indigenous Soldiers Issues of homosexuality and gender relations in the military colonial subjects and child soldiers as well as the changing nature of war via terrorism and bioterrorism are closely analyzed The contributors demonstrate how these viewpoints have been consistently ignored in mainstream blockbuster war sagas and strive to re integrate these lost perspectives into current and future narratives

God on the Big Screen Terry Lindvall, 2019-08-13 Links film history with church history over the past century illuminating America's broader relationship with religious currents over time Moments of prayer have been represented in Hollywood movies since the silent era appearing unexpectedly in films as diverse as Rebecca of Sunnybrook Farm Frankenstein Amistad Easy Rider Talladega Nights and Alien 3 as well as in religiously inspired classics such as Ben Hur and The Ten Commandments Here Terry Lindvall examines how films have reflected and sometimes sought to prescribe ideas about how one ought to pray He surveys the landscape of those films that employ prayer in their narratives beginning with the silent era and moving through the uplifting and inspirational movies of the Great Depression and World War II the cynical anti establishment films of the 60s and 70s and the sci fi and fantasy blockbusters of today Lindvall considers how the

presentation of cinematic prayer varies across race age and gender and places the use of prayer in film in historical context shedding light on the religious currents at play during those time periods God on the Big Screen demonstrates that the way prayer is presented in film during each historical period tells us a great deal about America's broader relationship with religion
