**Home** Efa E. Etoroma, 2024-02-26 Where are you from Where is your home Do you miss home These are questions that Efa E Etoroma born in Nigeria has frequently been asked since moving to Canada in 1978 In this autoethnography the Concordia University of Edmonton professor examines his views on what home really is and his struggles to feel a true sense of belonging anywhere he has lived Explained with candor and occasional vulnerability Home Reflections on Marginality and Belonging is told from the perspective of a marginalized Black Christian immigrant but his story is relatable to anyone who has felt alienated or had a crisis of identity Efa shares his personal experiences of growing up in post colonial northern Nigeria raised Anglican amongst mostly Muslims and fleeing to the southern region as a child shortly after the start of the Nigerian Civil War Then he recounts moving to Canada to attend school but staying upon meeting his future Canadian born wife He explores his connection with Black Pentecostal churches as well as his thoughts on grieving death and aging away from his homeland Supporting these experiences Efa incorporates an abundance of research for a wider cultural and social context Home Reflections on Marginality and Belonging is part snapshot of the author s life a way of identifying who he is and where he is from part answer to the questions Where are you from and Where is your home and part exploration of the micro level contradictions of social change brought about by modern society

*The New Examination System - GCSE* Walter Roy, 2019-07-17 Reform of the public examination system for sixteen year olds presented a considerable challenge to secondary schools The new General Certification of Secondary Education introduced in 1988 was more than a continuation of the G C E O level and C S E examinations at the time The introduction of national criteria by the Department of Education the

part played by the Secondary Schools Examination Council the emergence of new examining bodies were new dimensions faced by schools accustomed to exercising considerable autonomy in designing a curriculum How far would the new examination reflect what was actually taught in our classrooms What were its new features Which pupils would be entered and with what prospect of success Above all how would schools meet a tight time schedule which required study of new syllabuses to be ready by 1986 for the first examinations held in 1988 Originally published in 1986 this book was intended to answer some of these questions and provide an up to date picture of the present state of the examination world with indications of future developments in the vital years ahead It aimed to assist those immediately and urgently concerned with implementing this far reaching educational reform Today it can be considered in its historical context Pursuit of the Elusive Dream Lawrence D Moyo,2023-05-16 Anyone interested in the history of Zimbabwe will love this memoir by Lawrence D Moyo It traces the tumultuous events of the First Chimurenga of 1896 through independence from Great Britain in 1980 until the present day He vividly describes his childhood struggles as the son of a father who abuses his children as slave labourers Lawrence progressively climbs the educational ladder until he emigrates to the UK with his family Harping on the theme of hidden racism among others Lawrence then endures horrific racist treatment from criminally disobedient white and black students in schools he works at as an English teacher Having become a highly respected educational specialist he is now retired in the UK retaining his connections with his family members and friends in Zimbabwe

Commonwealth Universities Yearbook ,1994 **Facets of Power** ,2023-01-10 The diamond fields of Chiadzwa among the world s largest sources of rough diamonds have been at the centre of struggles for power in Zimbabwe since their discovery in 2006 Against the backdrop of a turbulent political economy control of Chiadzwa s diamonds was hotly contested By 2007 a new case of blood diamonds had emerged in which the country s security forces engaged with informal miners and black market dealers in the exploitation of rough diamonds violently disrupting local communities and looting a key national resource The formalisation of diamond mining in 2010 introduced new forms of large scale theft displacement and rights abuses Facets of Power is the first comprehensive account of the emergence meaning and profound impact of Chiadzwa s diamonds Drawing on new fieldwork and published sources the contributors present a graphic and accessibly written narrative of corruption and greed as well as resistance by those who have suffered at the hands of the mineral s secretive and violent beneficiaries If the lessons of resistance have been mostly disheartening ones they also point towards more effective strategies for managing public resources and mounting democratic challenges to elites whose power is sustained by preying on them *Examination papers, and division lists, &c. [afterw.] General certificate of education, ordinary level* Oxford univ, local exams,1875 **Multiple Affordances of Language Corpora for Data-driven Learning** Agnieszka Leńko-Szymańska,Alex Boulton,2015-05-15 In recent years corpora have found their way into language instruction albeit often indirectly through their role in syllabus and course design and in the production of teaching materials and other

resources An alternative and more innovative use is for teachers and students alike to explore corpus data directly as part of the learning process This volume addresses this latter application of corpora by providing research insights firmly based in the classroom context and reporting on several state of the art projects around the world where learners have direct access to corpus resources and tools and utilize them to improve their control of the language systems and skills or their professional expertise as translators Its aim is to present recent advances in data driven learning addressing issues involving different types of corpora for different learner profiles in different ways for different purposes and using a variety of different research methodologies and perspectives **Daily Graphic** J.K. ,1982 **Historical Dictionary of the Republic of Cameroon** Mark Dike DeLancey,Mark W. Delancey,Rebecca Neh Mbuh,2019-06-15 Cameroon is a land of much promise but a land of unfulfilled promises It has the potential to be an economically developed and democratic society but the struggle to live up to its potential has not gone well Since independence there have been only two presidents of Cameroon the current one has been in office since 1982 Endowed with a variety of climates and agricultural environments numerous minerals and substantial forests and a dynamic population this is a country that should be a leader of Africa Instead we find a country almost paralyzed by corruption and poor management a country with a low life expectancy and serious health problems and a country from which the most talented and highly educated members of the population are emigrating in large numbers To all of this is recently added a serious terrorism problem Boko Haram in the north a separatist movement in the Anglophone west refugee influxes in the north and east and bandits from the Central African Republic attacking eastern villages This fifth edition of Historical Dictionary of the Republic of Cameroon contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Republic of Cameroon **A 1980s**
