Stavropoulos,1996 The question of objectivity in legal interpretation has emerged in recent years as a highly important topic in contemporary jurisprudence This original book addresses the issue of how and in what sense legal interpretation can be objective The author supports the possibility of objectivity in law and spells out the content of objectivity involved He then provides a comprehensive defence against the classical as well as less well known objections to the possibility of objectivity in legal interpretation The discussion is firmly grounded in metaphysics which sets the book apart from other similar discussions in jurisprudence Stavropoulos identifies an important source of resistance to acceptance of the possibility of objectivity in legal interpretation a widely held but faulty semantic He then develops an alternative semantic framework which draws on influential theories in contemporary philosophy The book shows that objectivism is a natural commonsensical position and rejects the currently popular notion that objectivism requires extravagant or bizarre metaphysics Furthermore the discussion presents the opportunity to reinterpret major debates in jurisprudence and to show how influential theories notably H L A Hart s and Ronald Dworkin s bear on that central issue Text Book FOR Dyke's Home Study Course OF Automobile Engineering A.L.
