Hidden Wisdom Tim Wallace-Murphy,2010-05-01 The best book about the secret tradition I ve read for many years Tim Wallace Murphy writes with style passion and truth A magnificent achievement Graham Hancock New York Times bestselling author of Fingerprints of the Gods From Egyptian mythology to Jewish mysticism Rome and Greece to the druids and the gnostics Tim Wallace Murphy exposes a fascinating lineage of hidden mysteries and secret societies continuing through the Templars Rosicrucians and Freemasons to our modern visionaries This hidden stream of spirituality and that of sacred knowledge are inseparably entwined to form the single most important continuous strand in the entire Western esoteric tradition This tradition exerted a seminal influence on the thinking of the

builders of the great cathedrals leading teachers in ecclesiastical schools philosophers playwrights poets such as Shakespeare Goethe Blake and W B Yeats and on artists and Renaissance giants such as Leonardo da Vinci and Michelangelo It is also the root from which sprang alchemy and modern science Now as more people are looking to find information on the alternatives to dominant religions and dogmas that have told us what to think and how to behave as faith has been questioned by religious scandals economic meltdowns and an increasingly sick planet Earth Wallace Murphy reveals the secrets of the masters including invaluable spiritual insights into everyday life that have been hidden throughout the ages He shows us who kept this spiritual tradition alive despite appalling persecution so that we in the twenty first century might benefit from its accumulated fruits and ennoble our lives Hidden Wisdom will be of immense interest to readers of the number one bestseller The Lost Symbol as it explains much of Dan Brown s focus on the ancient mysteries The Flowering Wand Sophie Strand,2022-11-29 A deep exploration of the regenerative and magical secrets of sacred masculinity hidden in familiar myths both ancient and modern Reveals the restorative fungi archetype of Osiris the Orphic mysteries as an underground mycelium linking forests and people how Dionysus teaches us about invasive species and playful sexuality and the ecology of Jesus as depicted in his nature focused parables Liberates Tristan Merlin and the Grail legends from the bounds of Campbell s hero s journey and invites the masculine into more nuanced complex ways of dealing with trauma growth and self knowledge Long before the sword wielding heroes of legend readily cut down forests slaughtered the old deities and vanquished their enemies there were playful gods animal headed kings mischievous lovers trickster harpists and vegetal magicians with flowering wands As eco feminist scholar Sophie Strand discovered these wilder more magical modes of the masculine have always been hidden in plain sight Sharing the culmination of eight years of research into myth folklore and the history of religion Strand leads us back into the forgotten landscapes and hidden secrets of familiar myths revealing the beautiful range of the divine masculine including expressions of male friendship male intimacy and male creative collaboration In discussing Dionysus and Osiris Strand encourages us to think like an ecosystem instead of like an individual She connects dying vegetal gods to the virtuous cycle of composting and decay highlighting the ways in which mushrooms can restore soil and heal polluted landscapes Exploring esoteric Christianity the author celebrates the Gnostic Jesus of the Gospel of Thomas imagining the ecology that the Rabbi Yeshua would have actually been referencing in his nature focused parables Strand frees Tristan Merlin and the Grail legends from the bounds of Campbell s hero s journey and invites the masculine into more nuanced complex ways of dealing with trauma growth and self knowledge Strand reseeds our minds with new visions of male identity and shows how each of us regardless of gender can develop a matured ecological empathy and witness a blossoming of sacred masculine powers that are soft curious connective and celebratory *Myth* Robert Ellwood,2008-12-07 The book will be a superb introduction to mythological studies for a long time to come William G Doty Professor Emeritus at the University of Alabama Tuscaloosa author of Myth A Handbook University of Alabama Press 2007

The Productions of Time Michael Dolzani, 2021-02-18 Myth criticism flourished in the mid twentieth century under the powerful influence of Canadian thinker Northrop Frye It asserted the need to identify common unifying patterns in literature arts and religion Although it was eclipsed by postmodern theories that asserted difference and conflict those theories proved incapable of inspiring solidarity or guiding social action The Productions of Time argues for a return to myth criticism in order to refine and extend its vision With the aim of rehabilitating myth criticism for our time Michael Dolzani sketches an anatomy of the imagination as demonstrated in the total body of its productions including literature mythology the arts popular culture and religious and political texts Dolzani situates a vast panoply of images character types plot structures themes and genres to better understand their purposes their recurrences across broad spans of history and their interrelations Illustrating the relationship between mythology and history The Productions of Time proposes a symbolic language as a way of enabling dialogue across ideological and individual differences Arguing for the ethical and intellectual necessity of conceiving a unifying pattern that transcends differences The Productions of Time demonstrates that imagination is part of the human inheritance common to all not just to poets and mystics

**Renewing the Balance** Dirk Dunbar, 2017-03-31 In Renewing the Balance Dirk Dunbar shows how the balance worshipped in ancient Earth wisdom traditions is being integrated into Western culture's dominantly masculine rational value system Filled with hope revelations regarding cultural evolution and scholarship of the highest order Dunbar's book passionately challenges all of us to recover the archaic reverence for the natural world to reconsider the limits of growth progress and mechanistic thinking and to join in the newly reclaimed celebration of life that fosters peace and the potential for a sustainable future Dirk Dunbar's Renewing the Balance is a crucial and comprehensive account of how traditional cultures maintained a healthy balance that preserved our natural world and how our modern technocratic economic ideology has produced a culture that is dangerously out of balance It is at once a diagnosis of our disease and a prescription for healing our collective psyche polis and environment A truly fascinating philosophical adventure Sam Keen Author of 12 books including The Passionate Life and Hymns to an Unknown God Renewing the Balance brings depth and breadth to our efforts to understand how Western culture evolved as it did and to appreciate the many streams that now flow into our efforts to manifest ecological wisdom in a hypermodern world Charlene Spretnak Author of 9 books including States of Grace and The
