## Ocr Grade Boundaries 2012 June:

**2012 GCSE English results** Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007/09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do

*The What, Why and How of Assessment* Simon Child, Paul Ellis, 2021-07-21 How do teachers develop their understanding of the foundation principles of assessment stay up to date with the latest classroom approaches and have the confidence to evaluate and question the effectiveness of new methods This professional resource for teachers supports them to understand the what why and how of assessment It provides key knowledge on the types and purposes of assessment and explores key themes such as validity reliability and fairness It explores assessment in practice offering practical support for busy teachers and takes an in depth look at how qualifications are designed and developed and how examinations are marked graded and regulated

**Yesterday, Today, and Tomorrow** Roslyn Arlin Mickelson, Stephen Samuel Smith, Amy Hawn Nelson, 2017-11-14 Yesterday Today and Tomorrow provides a compelling analysis of the forces and choices that have shaped the trend toward the resegregation of public schools By assembling a wide range of contributors historians sociologists economists and education scholars the editors provide a comprehensive view of a community's experience with desegregation and economic development Here we see resegregation through the lens of Charlotte North Carolina once a national model of successful desegregation and home of the landmark Swann desegregation case which gave rise to school busing This book recounts the last forty years of Charlotte's desegregation and resegregation putting education reform in political and economic context Within a decade of the Swann case the district had developed one of the nation's most successful desegregation plans measured by racial balance and improved academic outcomes for both black and white students However beginning in the 1990s this plan was gradually dismantled Today the level of resegregation in Charlotte has almost returned to what it was prior to 1971 At the core of Charlotte's story is the relationship between social structure

and human agency with an emphasis on how yesterday's decisions and actions define today's choices      *AS Poetry Anthology for OCR 2012-2014* Oxford, 2011-06-23 This endorsed anthology provides all prescribed poems for Unit 1 of the OCR English Literature specification for examination from 2012      **OCR Year 1/AS Mathematics Exam Practice** Jan Dangerfield, Rose Jewell, Sue Pope, Andrew Roberts, Nick Geere, 2018-03-29
