

A line drawing of the human heart, viewed from the front and slightly to the left. The left ventricle is the large, rounded chamber on the right side of the diagram. The atrioventricular valve is located between the left atrium and the left ventricle. Three major blood vessels are labeled: X is the pulmonary artery, which branches out from the base of the heart; Y is the aorta, the large vessel ascending from the left ventricle; and Z is the pulmonary vein, which enters the left atrium from the top.
