Griffin,2016-03-01 Crooked Letter i offers a collection of first person nonfiction narratives that reflect the distinct coming out experiences of a complex cross section of gay lesbian and transgendered Southerners from all walks of life and at different stages in their lives There is the Appalachian widower who following the death of his wife decides it s time to tell his church community There is the young man who left his hometown as a girl returning hesitant but hopeful for his grandmother s love There is the adolescent girl who refuses to surrender her soul to Jesus because she is not yet certain of her own beliefs There is the well mannered Southern gentleman who hopes his blueberries and biscuits will help ease the awkwardness of coming out to his elderly neighbor There are the ones who survived the frequent bar raids arrests and beatings But there is also the first kiss and the first love The experiences represented here pivot around a central theme finally finding language to understand one s identity and then discovering we were never the only ones Revealing a vibrant cross section of Southerners the writers of these narratives have in common the experience of being Southern and different but determined against all odds [The Cobra and the Key](#) Sam Shelstad,2023-10-10

Vulgar Genres examines gay pornographic writing showing how literary fiction was both informed by pornography and amounts to a commentary on the

genre's relation to queer male erotic life Long fixated on visual forms the field of porn studies is overdue for a book length study of gay pornographic writing Steven Ruszczycky delivers with an impressively researched work on the ways gay pornographic writing emerged as a distinct genre in the 1960s and went on to shape queer male subjectivity well into the new millennium Ranging over four decades Ruszczycky draws on a large archive of pulp novels and short fiction lifestyle magazines and journals reviews editorial statements and correspondence He puts these materials in conversation with works by a number of contemporary writers including William Carney Dennis Cooper Samuel Delany John Rechy and Matthew Stadler While focused on the years 1966 to 2005 *Vulgar Genres* reveals that the history of gay pornographic writing during this period informs much of what has happened online over the past twenty years from cruising to the production of digital pornographic texts The result is a milestone in porn studies and an important contribution to the history of gay life
