

The Air Force Report

The Roswell Report

Fact vs. Fiction in the New Mexico Desert

Published by Headquarters; United States Air Force, 1995

<http://www.af.mil/lib/roswell.html>

(Note: This is the Executive Summary of the 1994 Air Force report on the Roswell Incident. The full report, which is almost almost 1000 pages in length, can be ordered from the [Air Force](#), or it can be downloaded in PDF format from [this site](#).)

EXECUTIVE SUMMARY

The "Roswell Incident" refers to an event that supposedly happened in July, 1947, wherein the Army Air Forces (AAF) allegedly recovered remains of a crashed "flying disc" near Roswell, New Mexico. In February, 1994, the General Accounting Office (GAO), acting on the request of a New Mexico Congressman, [initiated an audit](#) to attempt to locate records of such an incident and to determine if records regarding it were properly handled. Although the GAO effort was to look at a number of government agencies, the apparent focus was on the Air Force. SAF/AAZ, as the Central Point of Contact for the GAO in this matter, initiated a systematic search of current Air Force offices as well as numerous archives and records centers that might help explain this matter. Research revealed that the "Roswell Incident" was not even considered a UFO event until the 1978-1980 time frame. Prior to that, the incident was dismissed because the AAF originally identified the debris recovered as being that of a weather balloon. Subsequently, various authors wrote a number of books claiming that, not only was debris from an alien spacecraft recovered, but also the bodies of the craft's alien occupants. These claims continue to evolve today and the Air Force is now routinely accused of engaging in a "cover-up" of this supposed event.

Offical Air Force Report

S Ben Porath

Offical Air Force Report:
