Aside from the high quality technical paper presentations we also held workshop and clinic manuscript that was carried out before the main track aims to strengthen the ability to write scientific publications. Coordination with the steering chairs Dr Kadek Suranata S Pd M Pd Kons and the members of organizing committee is essential for the success of the conference. We sincerely appreciate all the Advisory Boards for the constant support and guidance. It was also a great pleasure to work with such an excellent organizing committee team for their hard work in organizing and supporting the conference. In particular the Scientific Committee led by Cand Dr Robbi Rahim M Kom have completed the peer review process of technical papers and made a high quality technical program. We are also grateful to Students Conference chairs were leading by Ida Ayu Made Diah Paramiswari for their support and all the authors who submitted their papers to the First ICTES 2018. We strongly believe that ICTES conference provides a good forum for all academicians, researchers and practitioners to discuss all Educational science and technology aspects that are relevant to issues and challenge for sustainability in the 4th industrial revolution. We also expect that the future ICTES conference will be as successful and stimulating as indicated by the contributions presented in this volume.

Food Processing Stephanie Clark, Stephanie Jung, Buddhi Lamsal, 2014-06-03 **FOOD PROCESSING** Food Processing Principles and Applications Second Edition is the fully revised new edition of this best selling food technology title. Advances in food processing continue to take place as food scientists and food engineers adapt to the challenges imposed by emerging pathogens, environmental concerns, shelf life, quality and safety as well as the dietary needs and demands of humans. In addition to covering food processing principles that have long been essential to food quality and safety, this edition of Food Processing Principles and Applications, unlike the former edition, covers microbial enzyme inactivation kinetics, alternative food processing technologies as well as environmental and sustainability issues currently facing the food processing industry. The book is divided into two sections: the first focusing on principles of food processing and handling and the second on processing technologies and applications. As a hands on guide to the essential processing principles and their applications covering the theoretical and applied aspects of food processing in one accessible volume, this book is a valuable tool for food industry professionals across all manufacturing sectors and serves as a relevant primary or supplemental text for students of food science.

The Oxford Handbook of Social Class in Counseling William Ming Liu,2013-04-26

Social class is a pervasive facet of all lives regardless of one s own social class and status One would think its ubiquity would make it necessary for all helping professionals to understand social class and discuss it in therapy and research Yet social class and classism are one of the most confusing and difficult concepts to understand and integrate into research and counseling practice mostly due to the relative lack of psychological theories research and quantitative data Fulfilling this need this handbook summarizes and synthesizes available research on social class and classism in counseling practice and research areas The 32 chapters included offer up to date fascinating and provocative applications of social class and classism as seasoned chapter authors provide an overview of theories related to social class and classism and its application toward research education training and practice Chapters include comprehensive coverage of lifespan issues related to social class such as unique aspects of social class and classism in the lives of children adolescents and older adults how social class is studied and empirically understood through research assessment and practice implications of social class in career counseling psychological assessment and diagnosis and the therapy relationship how social class is implicated in positive psychology career and work psychology and health psychology social class and classism and its connection to whiteness racism sexual orientation religion and spirituality and social justice This book offers the first compendium of counseling related resources on social class and classism and will be a comprehensive must have reference for professionals and academics in counseling psychology and related fields for years to come

Cancer, Radiation Therapy, and the Market

Barbara Bridgman Perkins,2017-08-16 Appraising cancer as a major medical market in the 2010s Wall Street investors placed their bets on single technology treatment facilities costing 100 300 million each Critics inside medicine called the widely publicized proton center boom crazy medicine and unsustainable public policy There was no valid evidence they claimed that proton beams were more effective than less costly alternatives But developers expected insurance to cover their centers staggeringly high costs and debts Was speculation like this new to health care Cancer Radiation Therapy and the Market shows how the radiation therapy specialty in the United States later called radiation oncology coevolved with its device industry throughout the twentieth century Academic engineers and physicians acquired financing to develop

increasingly powerful radiation devices initiated companies to manufacture the devices competitively and designed hospital and freestanding procedure units to utilize them In the process they incorporated market strategies into medical organization and practice Although palliative benefits and striking tumor reductions fueled hopes of curing cancer scientific research all too often found serious patient harm and disappointing beneficial impact on cancer survival This thoroughly documented and provocative inquiry concludes that public health policy needs to re evaluate market driven high tech medicine and build evidence based health care systems
