Sales Audit Corey Hutchison, 2007

Executives want predictability and improvement in the performance of the business Top line predictability is the result of repeatable execution of a documented sales process examination of the results and modification of the process to assure future results Predictability depends on auditing the selling process Can the sales process be audited Sales managers argue that selling is an art form exempt from scrutiny But to produce predictable results the sales organization must document and interrogate its processes using Sarbanes Oxley like rigor and comply with senior management expectations This book organizes effective sales management processes into a comprehensive repeatable system It distills years of observation training and real world experience into a step by step system for auditing a sales process How do executives view the sales team s skills and effectiveness Is the company hiring and tracking these skills through a defined sales process Is the company measuring the sales team on their execution using these skills This book explores the concept of the Sales Audit and explains how to use it to achieve predictability of results through sales process compliance Align senior management expectations with those of the sales team Interrogate the steps of the current sales process to evaluate its effectiveness Measure the sales
