

# PRAYER FOR PRAYER MEETINGS

Dear Lord

We have gathered here today under your feet to pray. We want you to come and be in the midst of us.

Help us know what to pray for. Let not our minds wonder about the things of the earth as we pray. Let us focus on the spiritual gifts of heaven.

Come and grant us our hearts desires today. If someone came here with a problem we pray that they will not leave here with the same problem. Let our requests be heard and answered by you through Jesus Christ, our Lord,

*Amen*

**Beheading the Saint** Geneviève Zubrzycki, 2016-12-19 The province of Quebec used to be called the priest ridden province by its Protestant neighbors in Canada During the 1960s Quebec became radically secular directly leading to its evolution as a welfare state with lay social services What happened to cause this abrupt change Genevieve Zubrzycki gives us an elegant and penetrating history showing that a key incident sets up the transformation Saint John the Baptist is the patron saint of French Canadians and until 1969 was subject of annual celebrations with a parade in Montreal That year the statue of St John was toppled by protestors breaking off the head from the body Here then is the proximate cause the beheading of a saint a symbolic death to be sure which caused the parades to disappear and other modes of national celebration to take their place The beheading of the saint was part and parcel of the so called Quiet Revolution a period of far reaching social economic political and cultural transformations Quebec society and the identity of its French speaking members drastically reinvented themselves with the rejection of Catholicism Zubrzycki is already acknowledged as a leading authority on nationalism and religion this book will significantly enlarge her stature by showing the extent to which a core feature of the Quiet Revolution was an aesthetic revolt A new generation rejected the symbols of French Canada redefining national identity in the process and as a process and providing momentum for institutional reforms We learn that symbols have causal force generating chains of significations which can transform a Catholic dominated conservative society into a leftist forward looking secular society *How Christians Should Relate to Government* Wayne A. Grudem, 2012-04-10 Derived from theologian Wayne Grudem's *Politics According to the Bible* this digital short outlines five misguided approaches Christians take to politics and a way that is both more biblical and better for society Grudem describes the five misguided approaches as follows Government should compel religion Government should exclude religion All government is evil and demonic Do evangelism not politics Do politics not evangelism In their place Grudem argues for a view that he calls significant Christian influence on government Provocative and compelling *How Christians Should Relate to Government* will prod the thinking of politically minded Christians regardless of which party they favor **Thin Power** Andy Marshall, 2016-07-18 *Thin Power* is the unauthorized biography of former mayor of Calgary Rod Sykes featuring the achievements and bitter controversies of his eight year term ending in 1977 Publicly revealed for the first time are details of Sykes unorthodox upbringing in Victoria B C his rise to the mayoralty and his doomed attempt at provincial politics as leader of the Alberta Social Credit Party in the early 1980s It offers an entertaining look into a fascinating era of growth and change in the history of Calgary and Alberta and takes the reader up close to the successes and failures of one of the nation's most divisive politicians Sykes friendship with prominent former leaders including Prime Minister Pierre Trudeau and Alberta Premier Ernest Manning are explored in detail His fractious relationship with Alberta Premier Peter Lougheed and his strange connection to British royalty are also examined The gall and the guts of this stick thin politician in a grey suit will amaze modern readers just as it did those who

watched as he single handedly transformed Calgary's political landscape The Friends Herald, 1921 **Landmark**

Beaman,2017-06-02 While religious conflict receives plenty of attention the everyday negotiation of religious diversity does not Questions of how to accommodate religious minorities and of the limits of tolerance resonate in a variety of contexts and have become central preoccupations for many Western democracies What might we see if we turned our attention to the positive narratives and success stories of the everyday working out of religious difference Rather than tolerance and accommodation and through the stories of ordinary people this book traces deep equality which is found in the respect humour and friendship of seemingly mundane interactions *Deep Equality in an Era of Religious Diversity* shows that the

telling of such stories can create an alternative narrative to that of diversity as a problem to be solved It explores the non event or micro processes of interaction that constitute the foundation for deep equality and the conditions under which deep equality emerges exists and sometimes flourishes Through a systematic search for and examination of such narratives Lori G Beaman demonstrates the possibility of uncovering revealing and recovering deep equality a recovery that is vital to living in an increasingly diverse society In achieving deep equality identities are fluid shifting in importance and structure as social interaction unfolds Rigid identity imaginings especially religious identities block our vision to the complexities of social life and press us into corners that trap us in identities that we often ourselves do not recognize want or know how to escape Although the focus of this study is deep equality and its existence and persistence in relation to religious difference deep equality is located beyond the realm of religion Beaman draws from the work of those whose primary focus is not in fact religion and who are doing their own deep equality work in other domains illustrating especially why equality matters By retelling and exploring stories of negotiation it is possible to reshape our social imaginary to better facilitate what works which varies from place to place and time to time
