

Thanksgiving Prayer

Dear Loving Father,
We thank You for the lives of everyone present here. We thank You for the goodness and blessings over our lives. We thank You for all our achievements and our accomplishments. We thank You for new relationships and all the new things you do for us everyday. We commit ourselves into Your Mighty Hands. Bless the works of our hands. May we experience your goodness in greater proportions than we can imagine. Psychologists philosophers theologians and educationalists have all lately explored various conceptual moral psychological and pedagogical dimensions of gratitude in a rapidly expanding academic and popular literature However while the distinguished contributors to this work hail from these distinct disciplines they have been brought together in this volume precisely in recognition of the need for a more interdisciplinary perspective on the topic While further developing such more familiar debates in the field as whether it is appropriate to feel grateful in circumstances in which there is no obvious

benefactor whether it is proper to feel grateful to those who have benefited one only from a sense of duty and whether it makes sense to be grateful if so doing colludes with injustice the essays in this collection explore a wide variety of fresh conceptual psychological and moral issues For example in addition to identifying some new moral paradoxes about gratitude and seeking a generally more morally discriminating approach to gratitude education relations are explored between gratitude and humility forgiveness and appreciation and the religious and spiritual dimensions of the concept are also given much overdue attention By drawing together serious academic engagement with the study of gratitude and a serious attempt to undertake this within an interdisciplinary perspective Perspectives on Gratitude will be of value to academics and graduate students in the fields of philosophy psychology and theology as well as other research based disciplines **Youth**
