Work and Quality of Life Nora P. Reilly, M. Joseph Sirgy, C. Allen Gorman, 2012-05-31 Employees have personal responsibilities as well as responsibilities to their employers They also have rights In order to maintain their well being employees need opportunities to resolve conflicting obligations Employees are often torn between the ethical obligations to fulfill both their work and non work roles to respect and be respected by their employers and coworkers to be responsible to the organization while the organization is reciprocally responsible to them to be afforded some degree of autonomy at work while attending to collaborative goals to work within a climate of mutual employee management trust and to voice opinions about work policies processes and conditions without fear of retribution Humanistic organizations can recognize conflicts created by the work environment and provide opportunities to resolve or minimize them This handbook empirically documents the dilemmas that result from responsibility based conflicts The book is organized by sources of dilemmas that fall into three major categories individual organizational internal policies and procedures and cultural social forces external to the organization including an introduction and a final integration of the many ways in which organizations can contribute to positive employee health and well being This book is aimed at both academicians and practitioners who are interested in how interventions that stem from industrial and organizational psychology may address ethical dilemmas commonly faced by employees

*Thinking Strategically in Turbulent Times: An Inside View of Strategy Making* Alan M. Glassman, Deonne Zell, Shari Duron, 2014-12-18 An emergent approach to organizational strategy making assumptions that few organizations actually realize the goal of deliberative top down strategic planning and that effective strategy making occurs on a continual basis and is a shared activity of the entire organization This innovative book provides the first in depth look at how real organizations are formulating and implementing strategic change under this new paradigm The authors have dug deep into three large and varied organizations Hewlett Packard the California State University system and the County of Los Angeles and identified each one's efforts to develop a new strategic planning process better suited to match the current pace of change and environmental unpredictability The book is filled with vignettes quotes and real world examples that illustrate the trend toward faster more adaptive strategic planning processes It is relevant for a wide range of business governmental and non profit settings and should be required reading in any course on strategic planning

McLaughlin & Kaluzny's Continuous Quality Improvement in Health Care Julie K. Johnson, William A. Sollecito, 2018-10-05 Through a unique interdisciplinary perspective on quality management in health care this text covers the subjects of operations management organizational behavior and health

services research With a particular focus on Total Quality Management TQM and Continuous Quality Improvement CQI the challenges of implementation and institutionalization are addressed using examples from a variety of health care organizations including primary care clinics hospital laboratories public health departments and academic health centers Significantly revised throughout the Fifth Edition offers a greater focus on application techniques and features 14 chapters in lieu of the prior edition s 20 chapters making it an even more effective teaching tool New chapters have been incorporated on Implementation Science 3 Lean Six Sigma 6 and Classification and the Reduction of Medical Errors 10
