Energy and Infrastructure Management in Post Covid-19 Era Lalit K. Khurana, Asit B. Acharya, 2022-08-12 Covid 19 outbreak has been the biggest health social and economic emergency the world has ever faced since the Second World War The pandemic has drastically changed at least temporarily the way society businesses and infrastructure systems operate It has forced us to take a closer look at our woefully inadequate health infrastructure It also led to the closure of educational institutions and turned formal learning into distance learning posing a daunting challenge of demand for e learning infrastructure Social distancing policies SDPs encouraging people to stay home and limit gatherings impacted wide range of services and industries The telecommunications infrastructure in particular became a spotlight in view of its critical importance to keep businesses governments and societies connected and running in the period of economic and social disruption The governments acknowledged a fact that telecommunications internet services broadcasting cable services IT and IT enabled services ITeS are the essential services Work from Home WFH seemed a positive experience however with some adverse impact on the social behavioural and physical factors ICEIM 2022 is a humble contribution of SPM PDEU in terms of presenting a scholarly platform wherein abundance of ideas answers right questions and complementing new learning s are expected to emerge The conference aims at discussing and deliberating various contemporary issues and challenge in the management of energy infrastructure The conference showcases seven tracks five of which are Business Technology Finance Human Resource Marketing and Project Operations Management Then in view of emerging scenario two more tracks were added namely Business Analytics and Data Science Strategies Entrepreneurship Management We do expect to receive 80 90 research papers covering various tracks of the conference We have so far got regular research papers industry papers Ph D research papers and students research articles New research directions also constitute an agenda of a conference This conference had three plenary sessions a Emerging Electrical Vehicle Ecosystem Prospects and Impediments b Infrastructure Development in India Policy Perspectives and Innovative Financing Initiatives c Energy Sector Management Challenges and Strategies in Industry 4 0 era All the plenary sessions of this conference have speakers mostly from the industry We strongly believe that this International Conference will provide ample opportunities to all participants to disseminate new research ideas with industry professionals as well as the policy makers It is also believed that this International Conference will initiate new thought process towards the issues and challenges faced by the energy and infrastructure and will definitely add substantially to the existing domain of knowledge We are pleased to present this proceeding of the International Conference to the academicians researchers industry practitioners and policy makers who all have joined hands towards building the new knowledge development in the area of energy infrastructure management

Confronting Failures of Justice Paul H. Robinson, Jeffrey Seaman, Muhammad

Sarahne, 2024-08-06 Most murderers and rapists escape justice a horrifying fact that has gone largely unexamined until now This groundbreaking book tours nearly the entire criminal justice system examining the rules and practices that regularly produce failures of justice in serious criminal cases Each chapter outlines the nature and extent of justice failures in present practice describing the interests at stake and providing real world examples Finally each chapter reviews proposed and implemented reforms that could balance the competing interests in a less justice frustrating manner and recommends one sometimes completely original reform to improve the system A systematic study of justice failures is long overdue As this book discusses regular failures of justice in serious criminal cases undermine deterrence and the criminal justice system s credibility with the community as a moral authority The damage caused by unpunished crime is immense and even worse falls primarily on vulnerable minority communities Now for the first time students researchers policymakers and citizens have a resource that explains why justice failures occur and what can be done about them Confronting Failures of Justice is accessible for use by college freshman through graduate students and law students and is designed to be main text for a course on justice failures but it could be used in conjunction with other texts in a broad range of courses touching on criminal justice It presents arguments in a highly organized fashion and provides dozens of case studies many with photographs to gain student interest and to bring the academic discussions to life
