The Broadview Guide to Writing - Sixth Edition Don LePan, Doug Babington, Maureen Okun, 2015-06-11. Increasingly, writing handbooks are seen as overproduced and overpriced. One stands out: *The Broadview Guide to Writing* is published in an elegant but simple format and sells for roughly half the price of its fancier-looking competitors. For the sixth edition, the coverage of MLA, APA, Chicago, and CSE styles of documentation has been substantially expanded as well as updated. Also expanded is coverage of academic argument, of writing and critical thinking, of writing about literature, of paragraphing, of how to integrate quoted material into one's own work, of balance and parallelism, and of issues of gender, race, religion, etc. in writing. The chapter *Seeing and Meaning: Reading and Writing About Visual Images* is entirely new. The online materials, including the selection of interactive exercises, have also been revised considerably.
