A Teacher's Guide to Using the Common Core State Standards With Gifted and Advanced Learners in the English/Language Arts National Assoc For Gifted Children, Todd Kettler, Elizabeth Shaunessy-Dedrick, 2021-09-23 A Teacher's Guide to Using the Common Core State Standards With Gifted and Advanced Learners in the English Language Arts provides teachers and administrators a blueprint for differentiating the Common Core State Standards for English Language Arts for gifted and advanced students through the use of acceleration depth complexity and creativity within and across grade levels. It illustrates the differences between learning experiences for typical and advanced students based on the same standard and provides an array of examples across five of the information text and literary text standards while integrating the other aspects of language arts teaching and learning. The book highlights implementation features such as classroom management and assessment of student work that allow teachers to make data based decisions about instruction for particular students. It also offers guidance to teachers on reading selections for advanced learners at all grade levels. *Writing and Revising in Second Language Classrooms* Jing Chen, 2025-02-05 This book contributes to the field of L2 writing with a focus on instruction in revision. Theoretically this research provides a better understanding of students' metacognitive knowledge about revision and their self efficacy for text revision in EFL writing. Such understanding is vital to make pedagogical connections between cognitive research self efficacy theory and instructional research in writing. Moreover the designed questionnaire for data collection and analysis in this study can be employed as a diagnostic or consciousness raising tool in the L2 writing classrooms or be used as a research tool to chart the development of students' metacognitive knowledge about revision and self efficacy for text revision over time to contribute to this line of research. Pedagogically this study examined the effects of the SRSD model an approach that has shown its effectiveness in improving learners' metacognition and impacting their self efficacy in both L1 and L2 writing in the context of revision in an EFL context. Hence it broadens the understanding of the feasibility and effectiveness of the SRSD model. **Resources in Education**, 2001-04
