The Domestication of Human Trafficking Katrin Roots,2022-11-01 Human trafficking has emerged as one of the top international and domestic policy concerns and is well covered and often sensationalized by the media The nature of the topic combined with various international pressures has resulted in an array of government led mandates to

combat the issue The Domestication of Human Trafficking examines Canada's criminal justice approaches to human trafficking with a particular focus on the ways in which the intersecting factors of race class gender and sexuality impact practice Using a wide range of qualitative and empirically grounded research methods including extensive analysis of court documents trial transcripts and interviews with criminal justice actors this book contributes to much needed research that examines specifics and sometimes complicates the narratives of how trafficking works as a criminal offence The Domestication of Human Trafficking turns our attention to the ways in which the offence of human trafficking is made on the front lines of criminal justice efforts in Canada *Proceedings of IAC-MEM 2016 in Bratislava* group of authors,2016-07-01 International Academic Conference on Management Economics and Marketing in Bratislava Slovakia 2016 IAC MEM 2016 Wednesday Thursday July 6 7 2016 *Illegal Drug Use Through The Lifecourse* David Moxon,Jaime Waters,2016-10-04 Hidden older illegal drug users are a seldom researched group most research on illegal drug users instead focusses on the young or the institutionalised To counter this trend this book reports on a study of current hidden users of illegal drugs aged 40 and over These are individuals who have sustained illegal drug use over the long term largely away from the gaze of the authorities whilst living otherwise conventional lives holding down jobs raising families and so on Thus they have much to tell us about how illegal substances can be integrated into life over the long term how that integration intersects with other aspects of one's existence and how illegal drug use is ultimately shaped by changes in personal circumstances and wider social contexts Utilising insights from the life course perspective the development of the participants use over their lives is analysed and placed in social context The book also details the nature of their current drug use Thus the book illustrates the place of illegal drugs in the lives of the participants and how this came to be over the decades as they also juggled work family and the everyday minutiae of life with their use The result is a unique look at the illegal drug use of an often ignored group of older drug users which charts the changing role that illegal drugs have played and continue to play in their lives
