*The AK-47* Gordon L. Rottman,2011-05-03 A detailed fully illustrated study of the most recognizable assault rifle ever produced The Kalashnikov AK 47 is the most ubiquitous assault rifle in the world with more AK 47s and its variants in use than any other individual small arm Created by Senior Sergeant Mikhail Kalashnikov and first adopted by the USSR soon after World War II its production continues to this day with an estimated 75 million produced worldwide Supported by photographs and original artwork this book takes a look at the complete history of the weapon discussing its design development and usage taking its story from the great armies of the Soviet Union to the insurgents and criminal gangs that often employ the weapon today **Soviet Airborne Forces 1930-91** David Campbell,2020-02-20 Established in 1932 the Vozdushno desantnye voyska air landing forces or VDV of the Red Army led the way in airborne doctrine and practice Though they were initially handicapped by a lack of infrastructure due in part to a turbulent political climate in the 1930s they still conducted major drops during World War II including at the Dnepr River in September 1943 After the war ended the VDV became independent of the Air Force and were elevated to the role of strategic asset The newly rebuilt divisions were now organized and trained to conduct deep insertions behind enemy lines attacking command and control facilities lines of

communication and key infrastructure targets such as nuclear power plants This training came into play in numerous Cold War confrontations including Soviet operations in Hungary 1956 and Czechoslovakia 1968 During the Soviet war in Afghanistan 1979 89 the VDV proved to be the most formidable of the Mujahideen s opponents with the development of the air assault concept the transport insertion and support of air landed troops by helicopter rather than parachute This title explores the development of the VDV from their conception in 1930 to their role in the Cold War and in the later invasion of Afghanistan Supported by contemporary photography and specially commissioned artwork of uniforms and battlescenes this title is a comprehensive and engaging guide to the history of airborne forces in the Soviet period      **The SVD Dragunov Rifle** Chris McNab,2023-06-22 Featuring specially commissioned artwork and carefully chosen photographs this study charts the SVD Dragunov rifle s development combat use and lasting legacy from Vietnam to Syria Developed as a medium range sniping rifle in the Soviet Union during the 1960s the Dragunov stood out against most Western sniping rifle types by being semi automatic a configuration that marginally lowers accuracy compared to bolt action sniping rifles but which allows for faster follow up shots Even so the SVD is still capable of taking precision killing shots out to 800m and beyond making it a thoroughly practical combat weapon for marksmen and snipers In this fully illustrated study Chris McNab explores the Dragunov s development and performance in detail But the story of this weapon really comes to life with its combat history It is the world s most widespread sniping rifle still in use in the former Soviet armies and sold to more than 40 countries worldwide Its rugged design dependable capabilities and relatively low cost mean that it has been used in every conceivable type of conflict from Vietnam and Afghanistan to Iraq and Syria Illustrated with cutaway artwork and battlescenes plus technical and historical photographs this study tells the story of this remarkable weapon from design and development to tactical use in action      **American Book Publishing Record** ,2006      *Battlefield Forensics for Persian Gulf States* Don Mikko,William Bailey,2019-05-13 Battlefield Forensics for Persian Gulf States provides an illustrative reference of various weapons toolmarks headstamps and other traits in order to identify the origins of a variety of guns casings and ammunition that can be found in the Middle East Various conflicts in the region have led to innumerable weapons being used throughout the years The lead author Don Mikko has investigated and examined firearms related items of evidence in countless crime scenes throughout the world As the Chief of the Firearms Branch at the United States Army Criminal Investigation Laboratory USACIL Fort Gillem Georgia he recruited trained and competency tested military contractors deploying to various combat related areas of the world those providing forensic firearm and toolmark identification support to local commanders What was learned was that various foreign weapons and ammunition were being utilized in conflicts and by opposing forces This book educates readers on the technical data for different types of firearms ammunition countries of origin proof marks penetrator information and the typical firearm markings imparted on fired cartridge cases such as breech face firing pin ejector and extractor markings Forensics and biometrics within the Persian Gulf have been leveraged since the

early 1990s and many of the firearms and types of ammunition covered in this handbook are addressed in an effort to assist those on the ground who are required to be able to identify such items in various scenarios The information contained within the book has proven to be effective on the battlefield and has helped shape combat operations This handbook will serve as a useful reference not only to assist military and contractor personnel within the various combat locations but will also prove to be beneficial for law enforcement crime laboratory personnel forensic firearm and toolmark examiners crime scene

Shimon Naveh,2013-04-03 This book offers a scientific interpretation of the field of military knowledge situated between strategy and tactics better known as operational art and traces the evolution of operational awareness and its culmination in a full fledged theory The author a Brigadier General ret in the Israeli Defence Forces and Doctor of History King s College London clarifies the substance of operational art and constructs a cognitive framework for its critical analysis He chronicles the stages in the evolution of operational theory from the emergence of 19th century military thought to Blitzkrieg For the first time the Soviet theories of Deep Operations and Strike Manoeuvre that emerged in the 1920s and 1930 are discussed The author argues that it is these doctrines that eventually led to the crystallization of the American Airland Battle theory successfully implemented in the Gulf War *Scientific and Technical Aerospace Reports* ,1974 *Energy Research*

*Abstracts* ,1981 **The Counter-Insurgency Myth** Andrew Mumford,2012-08-06 This book examines the complex practice of counter insurgency warfare through the prism of British military experiences in the post war era and endeavours to unpack their performance During the twentieth century counter insurgency assumed the status of one of the British military s fortes A wealth of asymmetric warfare experience was accumulated after the Second World War as the small wars of decolonisation offered the army of a fading imperial power many opportunities to deploy against an irregular enemy However this quantity of experience does not translate into quality This book argues that the British far from being exemplars of

counter insurgency have in fact consistently proved to be slow learners in counter insurgency warfare This book presents an analysis of the most significant British counter insurgency campaigns of the past 60 years Malaya 1948 60 Kenya 1952 60 South Arabia 1962 67 the first decade of the Northern Irish Troubles 1969 79 and the recent British counter insurgency campaign in southern Iraq 2003 09 Colonial history is used to contextualise the contemporary performance in Iraq and undermine the commonly held confidence in British counter insurgency Blending historical research with critical analysis this book seeks to establish a new paradigm through which to interpret and analyse the British approach to counter insurgency as well as considering the mythology of inherent British competence in the realm of irregular warfare It will be of interest to students of counter insurgency military history strategic studies security studies and IR in general
