Crossover Joel Shepherd, 2010-10-28 Crossover is the first novel in a series which follows the adventures of Cassandra Kresnov an artificial person or android created by the League one side of an interstellar war against the more powerful conservative Federation Cassandra is an experimental design more intelligent more creative and far more dangerous than any that have preceded her But with her intellect come questions and a moral awakening She deserts the League and heads incognito into the space of her former enemy the Federation in search of a new life Her chosen world is Callay and its enormous decadent capital metropolis of Tanusha where the concerns of the war are literally and figuratively so many light years away But the war between the League and the Federation was ideological as much as political with much of that ideological dispute regarding the very existence of artificial sentience and the rules that govern its

creation Cassandra discovers that even in Tanusha the powerful entities of this bloody conflict have wound their tentacles. Many in the League and the Federation have cause to want her dead and Cassandra's history inevitably catches up with her. Cassandra finds herself at the mercy of a society whose values preclude her own right even to exist. But her presence in Tanusha reveals other fault lines and when Federal agents attempt to assassinate the Callayan president she finds herself thrust into the service of her former enemies using her lethal skills to attempt to protect her former enemies from forces beyond their ability to control. As she struggles for her place and survival in a new world, Cassandra must forge new friendships with old enemies while attempting to confront the most disturbing and deadly realities of her own existence.

Talking Book Topics, 2016 *Killswitch* Joel Shepherd, 2011-02-01 the third instalment of this gripping trilogy from an exciting new sci-fi author two years after the unhatching of Callayan President Neiland's plot to make the capital city of Tanusha the centre of the Federation. Callay is under siege. A powerful faction of conservative Fleet captains have surrounded Callay at Earth's behest and are threatening a blockade or worse. A fearful Earth does not wish to lose direct control of its precious war machine and there are fears of civil war. All that Callay has to oppose the warships of the Fleet is the CDF or Callayan Defence Force, a newly formed group of raw recruits led by a politically hamstrung general but largely trained and organised by Major Vanessa Rice and her best friend Callay's very own tame combat android Commander Cassandra Kresnov. But when Cassandra's lover Special Agent Ari Ruben discovers a plot to kill her using a killswitch that her old masters in the League built into her brainstem, Sandy is forced to go underground to stay alive. **Originator** Joel Shepherd, 2020

And how much can she trust herself? **Haven** Joel Shepherd, 2011-06-30 The page turning conclusion and final instalment of the *Trial of Blood Steel* Quartet. Spurning her royal heritage to be raised by

the great warrior Kessligh her exquisite swordplay astonishes all who witness it But Sasha is still young untested in battle and often led by her rash temper In the complex world of Lenayin loyalties her defiant wilfulness is attracting the wrong kind of attention Lenayin is a land almost divided by its two faiths the Verenthane of the ruling classes and the pagan Goerenyai amongst whom Sasha now lives The Goeren yai worship swordplay and honour and begin to see Sasha as the great spirit the Synnich who will unite them But Sasha is still searching for what she believes and must choose her side carefully When the Udalyn people the symbol of Goeren yai pride and courage are attacked Sasha will face her moment of testing How will she act Is she ready to lead Can she be the saviour they need her to be
