The Complete Idiot's Guide to Photography Essentials Mark Jenkinson, 2008 The price of high quality digital cameras has come down greatly over the last few years and film based SLR cameras can be had for a song. So it's not surprising that the number of consumers with higher end complex cameras has skyrocketed. The problem lies in making use of those high end features to produce high quality photos. More and more consumers are discovering that a great camera doesn't produce great photography without the skill and knowledge to use it properly. And that's where *The Complete Idiot's Guide to Photography Essentials* comes in.
