Sam Truck Light Dash:

Boys' Life, 1963-05 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting **Blink** Samuel E. Stone, 2001-04-18 Blink examines the life of a cop from his early adolescent years through his career in Law Enforcement The action is non stop for the main character Sam Experiencing the pain of death and suffering surrounding him as a teenager causes him to mature at an early age in order to face his own struggle for survival This is a story of the trauma the pleasures and the experiences which shape the emotional and mental essences of a man It will take the reader across the tracks to the dark side of the world where crime is a way of life as you follow Sam from one case to another The story spans thirty years in time It will present the reader with a deeper understanding of Law Enforcement and the cops working their own neighborhood Cops are people too just like anyone else Some are good and some are bad Some are energetic and some are lazy Some are honest and some are not They make mistakes and rarely have all the answers Each situation they become involved in is unique and requires a judgement call There never is a right answer but usually one that works for the time Each event centers around action and reaction sometimes resulting in fatal solutions This story is designed to be entertaining as well as informative It will leave the reader with a new perspective the next time he sees a police car racing down his streets with the lights and siren blazing **Reagan's Game** R. Safley, 2008 Until now you have not been asking the right questions Samuel You shouldn't wonder how I came here You should wonder why Reagan DuSaint and Sam Kent have always had a profitable working relationship Until he shows up in Kent's road Now Sam has to do what Reagan wants or Reagan will do the only thing he knows to do kill anything that stands between him and his quest Follow the young author on a monstrous road trip as Sam Kent races to write Reagan's Redemption Just don't make the mistake of getting in the way There have been scientific theories which propose that human mental function is simply a result of electrical impulse passing from cell to cell generating reaction which triggers perception and thought Some psychologists and psychiatrists say If one cannot see it hear it or touch taste or smell it it does not exist But others in these professions are certain the processes and products of the human mind go far beyond the nervous system to include the unexpected and the unexplainable This first time author presents possibilities reminiscent of Stephen King's early work You are given a look into the mind of a killer You are entertained as you seek to understand it You are kept rapt throughout this delightfully creepy and horrific plot until the end a real kicker Now you have it figured out or do you Dr Tom Michel psychologist ret **Implied Contract** Mike Smitley, 2011-08-29 Death at long distance Imagine a serial killer who never touches his victim Never kidnaps them never tortures them and never even comes close to them Sound impossible It's not Very rarely a serial killer comes along who represents the pinnacle of deadly detachment He is a sniper Using a high powered rifle and the proper ammunition he can be hundreds of yards away and still kill instantly In the right surroundings a sniper can operate undetected for years The
