

## Welcome! Help Make Your Daisy's Experience Bloom with Possibilities

Dear Daisy Friends and Family Network:

Your Girl Scout Daisy has joined a team of girls on a unique journey into the Daisy Flower Garden. As the girls explore planting, growing, and the positive values of the Girl Scout Law, they will also get their first taste of environmental stewardship.

Your active participation can make the girls' experience even more valuable and memorable. Please take a moment to review the enclosed checklist to tell us which areas you might know something about (or be willing to learn), or have time to volunteer for, so that your Daisy and her sister Girl Scouts will have the richest experience possible.

Then please identify on the enclosed Garden Project Possibilities list any garden spaces in your community that might benefit from the Daisies' help. And if you have any community contacts who might like to assist, let us know that, too.

The girls and I look forward to hearing from you—and seeing you at sessions throughout the journey.

Sincerely,

[YOUR NAME]

**Children and Consumer Culture in American Society** Lisa Jacobson, 2007-12-30 Children play a crucial role in today's economy According to some estimates children spend or influence the spending of up to 500 billion annually Journalists sociologists and media reformers often present mass marketing toward children as a recent fall from grace but the roots of children's consumerism and the anxieties over it date back more than a century Throughout the twentieth century a wide variety of groups including advertisers retailers parents social reformers child experts public schools and children themselves helped to socialize children as consumers and struggled to define the proper boundaries of the market The essays and documents in this volume illuminate the historical circumstances and cultural conflicts that helped to produce shape and legitimize children's consumerism Focusing primarily on the period from the Gilded Age through the twentieth century this book examines how and why children and adolescents acquired new economic roles as consumers and how these new roles both reflected and produced dynamic changes in family life and the culture of capitalism This volume also reveals how children and adolescents have used consumer goods to define personal identities and peer relationships sometimes in opposition to marketers' expectations and parental intentions

**FDR and Lucy** Resa Willis, 2004-10-28 The last face FDR saw before he died was that of Lucy Mercer Rutherford his mistress of thirty-one years Although Eleanor his children and the press knew about Lucy the American public would not hear of her until 1966 FDR and Lucy is the first book to delve into this hidden side of FDR's life Drawing on documents from the Roosevelt Presidential Library as well as visits to Lucy's homes biographer Resa Willis explores how this life-long love affair changed the course of his marriage and the presidency Roosevelt fell in love with Lucy in 1914 and for the next three decades she provided him comfort from the pressures of his job and the critical eyes of his mother and wife Illuminating a critical era in American history Willis explores why the press dared not report the affair Willis

also suggests that Eleanor's discovery of Lucy in 1918 marked the end of the Roosevelt's personal marriage and the beginning of their political marriage and Eleanor's groundbreaking activism. A true love story with historical impact. FDR and Lucy paint a compelling portrait of one of the most famous other women in American history, giving us a window into FDR's impassioned life and presidency.

**Lillian** WR Woodbury, 2021-05-04. Halfway through the First World War, a young English woman finds herself an unwed mother for the second time. She survives the bombing of London and emigrates to Canada to raise her children with a sequence of husbands. Her daughter falls in love with a country boy who is wrenched away by the Second World War but returns safely to a humdrum suburban life and steady work on the railways. Their marriage is strained by his work absences, suspected dalliances, the problems of raising a family of girls, and the inevitable truces of middle age. As the women's lives merge and separate, their stories are interwoven with the daughter's told in reverse order. We meet women who persist and find ways to adapt to the male-dominated society. Through illogical love in the time of Edwardian patriarchy to the stormy seas of poverty, the bite of the Canadian winter, and horrifying stillness of personal tragedy, it is the women in the story who stay strong. They do what mothers have always done and shoulder the ultimate responsibility for their families. The women survive while the men come and go.

Invisible Founders Lynn Rainville, 2019-06-14. Literal and metaphorical excavations at Sweet Briar College reveal how African American labor enabled the transformation of Sweet Briar Plantation into a private women's college in 1906. This volume tells the story of the invisible founders of a college founded by and for white women. Despite being built and maintained by African American families, the college did not integrate its student body for sixty years after it opened. In the process, *Invisible Founders* challenges our ideas of what a college founder is, restoring African American narratives to their deserved and central place in the story of a single institution, one that serves as a microcosm of the American South.
