Movie Roadshows Kim R. Holston, 2013-01-01 This work examines a film distribution system

paralleling the rise of early features and persisting until 1972 when *Man of La Mancha* was the final roadshow to require reserved seating. Synonymous with Hollywood's star-studded premieres, roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows often epic in subject matter, played selected usually only one theaters in major urban centers until demand decreased. De rigueur by the 1960s were musical overtures, intermissions, entre acte and exit music, and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States but an appendix identifies international roadshows and films forecast but not released as roadshows. Included are plots, contemporary critical reaction, premiere dates, production background, and methods of promotion, i.e. the ballyhoo.

War is Beautiful - The New York Times Pictorial Guide to the Glamour of Armed Conflict David Shields, 2019-06-11. Bestselling author David Shields analyzed over a decade's worth of front page war photographs from *The New York Times* and came to a shocking conclusion: the photo editing process of the paper of record by way of pretty, heroic and lavishly aesthetic image selection pulls the wool over the eyes of its readers. Shields forces us to face not only the media's complicity in dubious and catastrophic military campaigns but our own as well. This powerful media mouthpiece, the mighty *Times*, far from being a check on governmental power, is in reality a massive amplifier for its dark forces by virtue of the way it aestheticizes warfare. Anyone baffled by the willful American involvement in Iraq and Afghanistan can't help but see in this book how eagerly and invariably the *Times* led the way in making the case for these wars through the manipulation of its visuals. Shields forces the reader to weigh the consequences of our own passivity in the face of these images, opiate numbing. The photographs gathered in *War Is Beautiful* often beautiful and always artful, are filters of reality rather than the documentary journalism they purport to be.

The Films of John G. Avildsen Larry Powell, Tom Garrett, 2013-12-19. The life and work of American director John G. Avildsen is thoroughly examined in this detailed filmography and critical study. Each of the most significant films made by the Oscar-winning Avildsen is given a separate chapter, including such critical successes as *Joe* and *Save the Tiger* and box office blockbusters *Rocky* and its sequels and the *Karate Kid* series. The authors' observations on these and other titles, some well known, others less familiar, are enhanced by extensive production notes and by commentary from John G. Avildsen himself. Cinema historian Jean Bodon of Sam Houston State University provides a foreword.

Science Fiction, Fantasy and Horror Film Sequels, Series and Remakes Kim R. Holston, Tom Winchester, 2018-01-12. Science fiction, fantasy, and horror movies have spawned more sequels and remakes than any other film genre. Following Volume I which covered 400 films made 1931-1995, Volume II analyzes 334 releases from 1996 through 2016. The traditional cinematic monsters are represented: *Dracula*, *Frankenstein*, the *Wolf Man*, a new *Mummy*. A new wave of popular series inspired by comics and video games as well as *The Lord of the Rings* trilogy could never have been credibly produced without the advances in special effects technology. Audiences follow the exploits of superheroes like
