New Recruits The Shadow Patriots Volume 2:

Patriot's History® of the Modern World, Vol. II Larry Schweikart, Dave Dougherty, 2013-12-05 The bestselling historians turn their focus to America's role in the world since the end of World War II. Schweikart, author of the number one New York Times bestseller *A Patriot's History of the United States*, and Dougherty take a critical look at America from the postwar boom to her search for identity in the twenty-first century. The second volume of *A Patriot's History of the Modern World* picks up in 1945 with a world irrevocably altered by World War II and a powerful, victorious United States. But new foes and challenges soon arose: the growing sphere of Communist influence, hostile dictatorships, and unreliable socialist allies; the emergence of China as an economic contender and the threat of world Islamification. The book reestablishes the argument of American exceptionalism and the interplay of our democratic pillars: Judeo-Christian religious beliefs, free market capitalism, land ownership, and common law around the world. Schweikart and Dougherty offer a fascinating conservative history of the last six decades.
