Middle School General Music Elizabeth Ann McAnally, 2010-01-16 Middle School General Music is a guidebook for music teachers trying to navigate the sometimes turbulent waters of teaching middle school general music. Written by an in-service teacher, this publication contains strategies and lessons that have been tested and refined in the real world of a public school music classroom. Organized according to the nine National Standards for Music Education, each chapter presents tips and lessons for helping middle school students meet high standards in their understanding of music. Ideas include a Music Critics Unit, composition projects, rhythm games, and tips for encouraging students to sing with enthusiasm. Also contained in the book is a rationale for the inclusion of general music courses in the middle school program and tips for working with young adolescents. A list of suggested resources is included. For middle school general music teachers looking to create a program that is viable, participatory, and motivating to adolescents, this publication is a useful tool. *Teaching Living Legends* Chee-Hoo Lum, Siew Ling Chua, 2016-06-30 This book traces the research on the design, implementation, and outcomes of a professional development program for in-service primary and secondary school teachers aimed at enhancing their understanding of living music traditions in Singapore and how these could be taught in the 21st-century music classroom. It proposes a professional development framework comprising the areas of Pedagogy, Practice, and Perspective to guide professional development design. The book also aims to promote further discussions on adult learning and teaching about teaching, especially with regard to developing self-efficacy to handle different music traditions in a 21st-century multi-ethnic society like Singapore. Arts Education, 2023-11-09 Arts Education A Global Affair highlights the adaptations that arts educators and researchers have undertaken to successfully adjust to the changes in arts education practices as a consequence of the global pandemic and its ongoing variants. Moreover, teaching and research in arts education have changed significantly as a consequence of the world-wide pandemic. COVID-19 Emerging variants have exacerbated the situation and show no signs of subsiding. In response to these challenges, arts educators and researchers have developed new modes of instructional delivery and data collection. These include asynchronous, synchronous, hybrid, and bi-modal online learning and online questionnaires, surveys, focus groups, and video interviews. This volume highlights the adaptations that arts educators and researchers have undertaken to successfully adjust to this new reality in education. Music Therapy With Preschool Children on the Autism Spectrum Geoff Barnes, 2022 With close to 1 million children on the autism spectrum enrolled in U.S. schools, educators need effective interventions that promote young learners' abilities and build cohesiveness in complex classroom groups. Drawing upon video recordings from 16 months in a public preschool classroom, this book depicts the emerging relationships and abilities that develop through musical play with children on the autism spectrum. Barnes explores connections among students, teachers, and a music therapist, broader questions about the needs of young children, and the benefits of incorporating music therapy in early childhood education and school-based autism services. In vivid

narratives readers follow individual preschoolers through their challenges and their steps toward shared attention interpersonal interaction and communication during music This important book raises key issues about autism supports and therapies and offers encouraging alternatives to prevailing educational and therapeutic methods Features Chronicles the first two year research study inside a music therapy group for preschoolers on the spectrum in a U S public school Provides lucid personal portrayals of young children teachers and a music therapist Explores the challenges and encouraging possibilities of helping young children through music Describes the use of picture schedules augmentative and alternative communication devices musical instruments percussion rhythms and visual and tactile materials in music sessions Presents children s engagement in vocal interplay turn taking theme and variation exchanges and reciprocal expressions of emotion in early childhood education

How Popular Musicians Learn Professor Lucy Green,2013-01-28 Popular musicians acquire some or all of their skills and knowledge informally outside school or university and with little help from trained instrumental teachers How do they go about this process Despite the fact that popular music has recently entered formal music education we have as yet a limited understanding of the learning practices adopted by its musicians Nor do we know why so many popular musicians in the past turned away from music education or how young popular musicians today are responding to it Drawing on a series of interviews with musicians aged between fifteen and fifty Lucy Green explores the nature of pop musicians informal learning practices attitudes and values the extent to which these

altered over the last forty years and the experiences of the musicians in formal music education Through a comparison of the characteristics of informal pop music learning with those of more formal music education the book offers insights into how we might re invigorate the musical involvement of the population
