Noir Fiction and Film Lee Clark Mitchell,2021 The argument of Noir Fiction and Film is curiously counterintuitive that in a century of hard boiled fiction and detective films characteristics that at first seemed trivial swelled in importance flourishing into crucial aspects of the genre Among these are aimless descriptions of people and places irrelevant to plot along with detectives consisting of little more than sparkling dialogue and flippant attitudes What weaves together such features however seems to be a paradox that a genre rooted in solving a mystery structured around the gathering of clues must do so by misdirecting our attention even withholding information we think we need to generate the suspense we also desire Yet successful noir stories and films enhance that suspense through passing diversions descriptive details and eccentric perspectives rather than depending on the center pieces of plot alone suspected motives or incriminating traces As the greatest practitioners of the genre have realized the how of detective fiction its stylistic detours draws us in more insistently than the what or the who its linear advance And the achievement of recent film noir is to make that how become the tantalizing object of our entire attention shorn of any pretense of reading for the plot immersing us in the diversionary delight that has animated the genre from the beginning **The Marshals: Adversaries of Crime, Defenders of Justice** Pasquale De Marco,2025-03-22 In the annals of American law enforcement the U S Marshals Service stands as a beacon of justice an unwavering force dedicated to upholding the law and protecting the innocent This book delves into the rich history of the Marshals exploring their evolution from the untamed frontier of the Wild West to the bustling streets of modern cities Through captivating narratives and firsthand accounts we will encounter legendary marshals who have left an indelible mark on history From Wyatt Earp the legendary lawman of the Old West to Bass Reeves the first African American deputy U S Marshal these stories showcase the courage resilience and unwavering commitment that have defined the Marshals service to the nation We will also explore the inner workings of this elite law enforcement agency gaining insights into the rigorous training that marshals undergo the specialized skills they possess and the unwavering commitment that drives their pursuit of justice We will witness their relentless pursuit of fugitives their unwavering protection of vulnerable witnesses and their unwavering determination to dismantle intricate criminal networks This book shines a light on the challenges that marshals face in the ever changing landscape of crime from the rise of organized crime to the threats posed by cybercrime We will see how the Marshals have adapted to these challenges employing cutting edge technology and innovative investigative techniques to stay one step ahead of criminals The U S Marshals Service is a symbol of justice an unwavering force that has

served the nation with distinction for over two centuries This book pays tribute to the marshals who have dedicated their lives to upholding the law protecting the innocent and ensuring the safety of our communities Their stories are a testament to the enduring spirit of justice a spirit that will continue to guide the Marshals Service for generations to come If you like this book write a review Evolutionary Intelligence W. Russell Neuman,2023-09-26 A surprising vision of how human intelligence will coevolve with digital technology and revolutionize how we think and behave It is natural for us to fear artificial intelligence But does Siri really want to kill us Perhaps we are falling into the trap of projecting human traits onto the machines we might build In *Evolutionary Intelligence* Neuman offers a surprisingly positive vision in which computational intelligence compensates for the well recognized limits of human judgment improves decision making and actually increases our agency In artful accessible and adventurous prose Neuman takes the reader on an exciting fast paced ride all the while making a convincing case about a revolution in computationally augmented human intelligence Neuman argues that just as the wheel made us mobile and machines made us stronger the migration of artificial intelligence from room sized computers to laptops to our watches smart glasses and even smart contact lenses will transform day to day human decision making If intelligence is the capacity to match means with ends then augmented intelligence can offer the ability to adapt to changing environments as we face the ultimate challenge of long term survival Tapping into a global interest in technology s potential impacts on society economics and culture *Evolutionary Intelligence* demonstrates that our future depends on our ability to computationally compensate for the limitations of a human cognitive system that has only recently graduated from hunting and gathering *Space, Place, and Bestsellers* Lisa Fletcher,Elizabeth Leane,2024-06-30 From airport bookstores to deckchairs as audiobooks downloaded by commuters and on Kindles and other portable devices twenty first century bestsellers move in old and new ways This *Element* examines the locations and mobilities of the contemporary bestseller as a multi format commercial object It employs paratextual textual and site based analysis of the spatiality of bestsellers and considers the centrality of geography to the commercial promise of these books *Space Place and Bestsellers* provides analysis of the spatial logic of bestseller lists evidence rich accounts of the physical and digital retail sites through which bestsellers flow and new interpretations of how affixing the label bestseller individual authors and titles generates industrial social and textual effects Through its multi layered analysis this *Element* offers a new model for studying the spatiality of popular fiction
