 Hailed as a staggering portrait of inequality in America Philip Dray *Poison Ivy* tells the bigger seedier story of how elite  
 colleges create paths to admission available only to the wealthy despite rhetoric to the contrary In a lively and trenchant  
 Washington Monthly account Evan Mandery a Harvard graduate and current professor at a public college that serves low  
 and middle income students reveals how tacit agreements between exclusive Ivy plus schools and white affluent suburbs  
 create widespread de facto segregation And as a college degree continues to be the surest route to upward mobility the  
 inequality bred in our broken higher education system is now a principal driver of skyrocketing income inequality Mandery  
 contrasts the lip service paid to opportunity by so many elite colleges and universities with schools that actually walk the

 insider information on everything from how students are evaluated unfair tax breaks and questionable fundraising practices  
 to suburban rituals testing tutoring tuition schemes and more This bold provocative indictment of America s elite colleges
