provocative and eye opening history of America s undoing naming names showing receipts and unsparingly assigning blame to the radical right in economics and the law the high priests of high finance a complacent and complicit Establishment and liberal useful idiots among whom he includes himself Only a writer with Andersen s crackling energy deep insight and ability to connect disparate dots and see complex systems with clarity could make such a book both intellectually formidable and vastly entertaining And only a writer of Andersen s vision could reckon with our current high stakes inflection point and show the way out of this man made disaster
