Cold, Bent L. Dahl, 2013-11-11 The science of neuroanaesthesia and neurointensive care is fascinating and the amounts of experimental and clinical studies are overwhelming Surely everyone can surf Medline and other database systems in order to get information If you however ask for head injury cerebral ischaemia or barbiturate you will get hundreds may be thousands of titles and even the same number of abstracts The aims of this book are to review important experimental and clinical data with emphasis on up dated references The text within each issue and sub issue systematically covers experimental and clinical data separately and details concerning cerebral blood flow cerebral metabolism intracranial pressure etc are reviewed accordingly In our survey of the literature we did not use Medline or other database systems systematically Rather we used available medical journals which covered the topics of anaesthesia neuroanaesthesia and neurointensive care In this way we hope that relevant literature is presented On the other hand we cannot exclude that some important issues are omitted The book covers 12 topics In three chapters methodology of CBF measurements regulation of CBF and intracranial pressure are described In the next 6 chapters inhalation anaesthetics hypnotic agents analgesics muscular relaxants drugs used for control of blood pressure and the sitting position are reviewed The last three chapters cover head injury subarachnoid haemorrhage and cerebral ischaemia **The Great Sermon Tradition as a Fiscal Framework in 1 Corinthians** Christopher L. Carter, 2010-02-03 What is Paul's theology of material possessions and where did it come from Through demonstrating continuity in the broad fiscal thought of Jesus and Paul Carter suggests that Paul owes his financial thought to the great sermon tradition Carter establishes this by assessing Paul's historical environment and extant writings to display the plausibility that Paul knew the dominical tradition Carter goes on to assess the likelihood that Paul knew the pre synoptic sermon tradition because of its ubiquity in early church discipleship The study finishes with the conclusion that Jesus and Paul's financial thought displays remarkable symmetry which cannot be explained merely by a common cultural

environment Consequently it is deemed highly likely that Paul depends on the dominical tradition for the contours of his financial thought

Language Acquisition in CLIL and Non-CLIL Settings Verena Möller, 2017-12-15 Language Acquisition in CLIL and Non CLIL Settings builds a bridge between Second Language Acquisition and Learner Corpus Research LCR methodologies to take the evaluation of Content and Language Integrated Learning CLIL to a new level The study innovates in two main ways First it is based on a highly diversified L2 database which includes learner corpus data as well as experimental data from the same learners These linguistic components of the database are complemented with extensive information on learner variables including cognitive and affective factors which are rarely studied in LCR Second the study relies on multifactorial statistical analyses to assess the effectiveness of CLIL itself as well as the impact of the selectivity inherent in the CLIL system which has frequently been ignored The linguistic focus of the study is the English passive which is investigated in CLIL and non CLIL teaching materials and subsequently related to learner output

Jew Among Jews Kimberly Ambrose, 2015-11-17 Misunderstanding of Paul had started already in his lifetime and his letters offer many examples of this Throughout the centuries Paul has continued to be misunderstood by both Jews and Gentiles especially in relation to his view of the law and the covenant Paul has often been misunderstood because his form of argument his use of Scripture his view of Jews and Gentiles in Christ especially of those Jews who were not convinced that Jesus was Messiah and his view of what constitutes true Judaism do not seem to conform to our expectations and perceptions of the apostle We have been accustomed to read his letters as of one who was emancipating people from Judaism as one who sought to obliterate all ethnic and other distinctions rather than maintaining the identity of Jews and Gentiles even in Christ By building on some of the insights of the New Perspective and developing other more recent insights as well a more consistent and credible Paul as a first century Diaspora Jew organizing a mission to Gentiles will be presented

Fitzgerald,Ashley John Moyse,2019-05-09 Modern medicine has produced many wonderful technological breakthroughs that have extended the limits of the frail human body However much of the focus of this medical research has been on the physical often reducing the human being to a biological machine to be examined understood and controlled This book begins by asking whether the modern medical milieu has overly objectified the body unwittingly or not and whether current studies in bioethics are up to the task of restoring a fuller understanding of the human person In response various authors here suggest that a more theological religious approach would be helpful or perhaps even necessary Presenting specific perspectives from Judaism Christianity and Islam the book is divided into three parts Understanding the Body Respecting the Body and The Body at the End of Life A panel of expert contributors including philosophers physicians and theologians and scholars of religion answer key questions such as What is the relationship between body and soul What are our obligations toward human bodies How should medicine respond to suffering and death The resulting text is an interdisciplinary treatise on how medicine can best function in our societies Offering a new way to approach the medical humanities this book will be of keen interest to any scholars with an interest in contemporary religious perspectives on medicine and the body
