Newspapers Mike Farrell,Mary Carmen Cupito,2010 In a time of uncertainty and change in the newspaper industry this book provides a concise and thorough overview of the field looking back at newspapers history and forward to their future and insisting there will be one The authors former journalists who now teach the subject review the practices of the profession from defining news to examining who owns newspapers from newspaper readership to the new media environment Written in an accessible style this comprehensive text

is well suited for a range of courses on newspapers *Cross-Cultural Journalism* Maria Len-Rios, Earnest Perry, 2015-12-22 Built on the hands on reporting style and curriculum pioneered by the University of Missouri this introductory textbook teaches students how to write about and communicate with people of backgrounds that may be different from their own offering real world examples of how to practice excellent journalism and strategic communication that take culture into account Specifically the book addresses how to engage with and talk across difference identify the ways bias can creep into our communications and how to mitigate our tendencies toward bias use the concept of fault lines and approach sources and audiences with humility and respect communicate with audiences about the complexity inherent in issues of crime immigration sports health inequalities among other topics interpret census data categories and work with census data to craft stories or create strategic campaign strategies reconsider common cultural assumptions about race class gender identity sexual orientation immigration status religion disability and age and recognize their evolving and constructed meaning and our role as professional communicators in shaping national discussions of these issues In addition to its common sense practical approach the book s chapters are written by national experts and leading scholars on the subject Interviews with award winning journalists discussion questions suggested activities and additional readings round out this timely and important new textbook Supplemented by additional case studies and examples of best practice *Cross Cultural Journalism* offers journalists and other communication professionals the conceptual framework and practical know how they need to report and communicate effectively about difference *Melvin Mencher's News Reporting and Writing* Melvin Mencher, 2007-10-31 More than a quarter of a million students have learned the craft and ethics of journalism from Melvin Mencher s *News Reporting and Writing* This classic text shows students the fundamentals of reporting and writing and examines the values that direct and underline the practice of journalism The new edition features current developments in all areas of reporting discusses the use of stark photos provides dozens of new Internet sources and demonstrates how journalists use them Also included in the eleventh edition are guides for campaign and election coverage reporting tips from Pulitzer Prize winners and an examination of recent libel cases **Getting It Wrong** W. Joseph Campbell, 2017 Many of American journalism s best known and most cherished stories are exaggerated dubious or apocryphal They are media driven myths and they attribute to the news media and their practitioners far more power and influence than they truly exert In *Getting It Wrong* writer and scholar W Joseph Campbell confronts and dismantles prominent media driven myths describing how they can feed stereotypes distort understanding about the news media and deflect blame from policymakers Campbell debunks the notions that the Washington Post s Watergate reporting brought down Richard M Nixon s corrupt presidency that Walter Cronkite s characterization of the Vietnam War in 1968 shifted public opinion against the conflict and that William Randolph Hearst vowed to furnish the war against Spain in 1898 This expanded second edition includes a new preface and new chapters about the first Kennedy Nixon debate in 1960 the haunting Napalm Girl photograph of the Vietnam

War and bogus quotations driven by the Internet and social media *Cross-Cultural Journalism and Strategic Communication* Maria E Len-Rios, Earnest L Perry, 2019-11-01 Built using the hands on and pioneering Missouri Method this textbook prepares readers to write about and communicate with people of different backgrounds offering real world examples of how to practice excellent journalism and strategic communication that takes culture into account No matter the communication purpose this book will help readers engage with difference and the concept of fault lines and to identify and mitigate bias It provides guidance on communicating the complexity inherent in issues such as crime immigration and sports and understanding census data gathering methods and terms to craft stories or strategic campaigns Above all the book encourages readers to reconsider assumptions about race class gender identity sexual orientation immigration status religion disability and age and recognize communicators responsibilities in shaping national discussions This new edition addresses the ever changing political and social climate differentiates excellent journalism from punditry and shows the business value of understanding diverse perspectives A fantastic introduction to this complex but important field this book is perfect for students teachers and early career communicators The combination of a hands on approach and pull out boxes with the diverse voices curated by editors Maria E Len-Rios and Earnest Perry make this an ideal text for the classroom and beyond

Changing Minds Francesca Polletta, Edwin Amenta, 2025-01-16 Social movements organized efforts by relatively powerless people to change society can result in legal and policy changes such as laws protecting same sex marriage and tax rebates for solar energy However movements also change people's beliefs values and everyday behavior Such changes may help bring about new policies or take place in the absence of new policy yet we still know little about when and why they occur In *Changing Minds* sociologists Francesca Polletta and Edwin Amenta ask why movements have sometimes had fast and far reaching cultural influence Polletta and Amenta examine the trajectories of U S social movements including the old age pension movements of the 1930s and 1940s the Black rights movement of the 1950s and 1960s the women's movement of the 1970s right wing movements in the 1980s and 1990s and the environmental movement up to the present to determine when why and how social movements change culture They find that influential movements are featured in the news but not only in the news Movement perspectives may appear also in opinion and commentary outlets on television talk shows and dramas in movies stand up comedy and viral memes Popular culture producers remake movement messages as they transmit them sometimes in ways that make those messages compelling For example while the news largely ignored feminists challenge to inequality in the home popular cultural outlets turned liberation into a resonant demand for women's right to self fulfillment outside the home and within it Widespread attention to the movement may lead people to change their minds individually But more substantial change is likely when companies schools and other organizations outside government strive to get out in front of a newly legitimate issue whether environmental sustainability or racial equity by adopting movement supportive norms and practices Eventually ideas associated with a movement may become a new common sense though not

always the ideas that the movement intended Throughout *Changing Minds* Polletta and Amenta provide activists with strategies for getting their message heard and acted on They suggest how movement actors can get into the news as political players or experts rather than lawbreakers or zealots They show when it makes sense for activists to work with popular cultural producers and when they should create their own cultural outlets They explain why the routes to cultural influence have changed and why urging people to take one easy step to save the planet can do more harm than good *Changing Minds* is a fascinating exploration of why and how some social movements have caused profound shifts in society

Players and Arenas Jan Willem Duyvendak, James Jasper, 2025-10-01 *Players and Arenas* brings together a diverse group of experts to examine the interactions between political protestors and the many strategic players they encounter such as cultural institutions religious organizations and the mass media as well as potential allies competitors recruits and funders Discussing protestors and players as they interact within the arenas of specific social contexts the essays show that the main constraints on what protestors can accomplish come not from social and political structures but from other players with different goals and interests Through a careful treatment of these situations this volume offers a new way to approach the role of social protest in national and international politics

MediaWriting W. Richard Whitaker, Ronald D. Smith, Janet E. Ramsey, 2013-03-01 *MediaWriting* is an introductory hands on textbook for students preparing to write in the current multimedia environment Rather than just talk about the differences among the styles of print broadcast and public relations *MediaWriting* synthesizes and integrates them while weaving in basic principles of Internet writing and social media reporting Complete with real world examples practical writing exercises and tips and information for entering into the profession *MediaWriting* continues to give students the tools they need to become a successful media writer The new edition has been extensively rewritten to reflect the dynamic nature of the profession paying significant attention to how the Internet and social media have become essential communication tools for print and broadcast journalists and public relations professionals Further updates and features include Increased attention to computer assisted reporting the preparation of online copy and social media applications Two new chapters on lead writing and new new media A separate chapter focused solely on ethics Explanatory how to boxes that help students understand and retain main themes Illustrative It Happened to Me vignettes from the authors professional experiences Discussion questions and exercises at the end of every chapter Suggested readings that highlight biographies books and websites that expand the scope and definition of professionalism In addition to new multimedia elements the fourth edition's companion website features enhanced resources for both students and instructors including chapter overviews writing tips a test bank sample critiques and a sample syllabus
