

## Personal Development Paper

4 pages | 822 words

I have a lot of scope for improvement. I have a lot of potential both professionally and in the personal space - I need to tap it. My asthetic sense, candor and imagination help me stand out in a crowd and I need to fine tune these skills. Given my high sensitivity to stress, I tend to get very irritable and frustrated during high pressure scenarios. I am exteremly disorganized and this has really harmed me all my life. I really need to work on my organization skills. Goals To be more organized, and disciplined. I need to have a stronger work eithc, and develop strong analytical and quant skills.

I would also like to invest alot of time in reading, and wasting less time doing meaningless stuff. Reading and getting exposed to the opportunities everywhere gets me excited, and once I am excited - I am driven. Perception of others In all honesty, others view me as exteremly modest but that is because I am good at hiding my weaknesses. They respect my candor and people skills, and appreciate my input once in a while. Standards organization expects you to meet Disciplined, focused, very strong finance background, strong work ethic, working in high pressure scenarios, and having a strong sense of responsibility.

DEVELOPMENTAL PLANNING WORKSHEET Professor Randall S. Peterson DEVELOPMENT ISSUE (from GAPS analysis): The issue is that I am easily intimidated, and not focused. I tend to get distracted with my surroundings and tend to loose interest in my own ambition and agenda. I tend to get bored easily, and leave things in the middle - very impatient. EXPECTED OUTCOMES: What will be different? What could someone else observe that will change? For starters I will be more diligent, focused and orderly. This can be seen through my group participation, my in class assignments, my club involvement and my career hunt activities.

Juggling so many aspects at once will require all of the above. My quant and financial skills can really develop if I invest time, and effort in reading and understanding the material. This can also be a visible change. What will I gain by achieving the goal? What is in it for you? Happiness. Job. Personal satisfaction. Personal growth and development. WHO ELSE NEEDS TO BE COMMITTED TO THIS: What will you need to do as soon as you get back to the office to get started? Who do I need to get committed to helping me? And what is in it for them? Me, myself and I. LEARNING STRATEGIES FOR DEVELOPMENT

(use at least three of the six to make your development goal SMART) 1) Seek New Challenges/Projects Challenge PE CASE CHALLENGE Specific Action/Time/Deadline working with people in a field I have very little experience in. Taken a challenge. Have to work hard. This will improve my quant and tech skills. 2) Take Courses and Workshops Course/Workshop ????? Specific Action/Time/Deadline ????? 3) Develop Ongoing Feedback Name(s)/Strategy for Identifying People Study Group Specific Action/Time/Deadline Montly feedback on progress - personally and professionally. Team contract also...

**The Counselor Educator's Guide** Jude Austin, Julius Austin, 2020-04-03 Note to Readers Publisher does not guarantee quality or access to any included digital components if book is purchased through a third party seller A practical roadmap for teaching graduate counseling courses from start to finish Written for the soon to be newer or adjunct counselor educator this is an accessible practical guide to preparing and teaching a graduate counseling course from start to finish Authored by skilled counselor educators who found themselves woefully unprepared to teach upon obtaining their first faculty positions the book proffers their hard earned wisdom to help new faculty confidently take over the role of instructor The hands on guide provides convenient overviews of each course and day to day content specific strategies for designing and teaching integral course content that is culturally sensitive and developmentally appropriate Offering diverse strategies and activities the book addresses how to teach courses in CACREP accredited programs and covers such topics as identifying theoretical orientation diagnosis assessment and treatment planning developing therapeutic presence group leadership genograms diversity basic counseling skills school shootings suicide White privilege and much more It addresses course objectives evaluation of student learning current research classroom management use of technology do s and don ts and advising students Discussion points and merits of activities are informed by the concept of andragogy a theory specifically for adult learning Multicultural and social considerations are woven throughout each chapter Activities and assignments were developed with feedback from students

**KEY FEATURES** Provides a practical roadmap for preparing and teaching a graduate counseling course from start to finish Delivers in depth practical information on how to teach new material and conduct day to day lectures Discusses content specific teaching strategies and advice Guides new faculty members in understanding how all of the courses in the curriculum influence each other Includes multicultural and social considerations in each chapter Informed by the concept of andragogy a theory specifically for adult learning

**Disorders and Dysfunctions of the Self** Dante Cicchetti, Sheree L.

Toth,1994 Disorders and Dysfunctions of the Self continues the tradition of the Rochester Symposium on Developmental Psychopathology series through highlighting how knowledge of normal self development can be applied to the study of atypical and psychopathological populations and likewise how examinations of abnormality can enhance understanding of the normal development of the self Throughout history self dysfunction has held a fascination for the general public as well as for scholars Perhaps this is due to the widespread belief that aberrations in self development can result in the emergence of various forms of childhood and adult psychopathology With the ascendance of developmental psychopathology the study of the self has captured the attention of developmentalists of many persuasions with a renewed vigor The papers in this volume illustrate advances that have been made in understanding the developmental mechanisms that contribute to anomalies and perturbations in the self systems of high risk and disordered populations Their work demonstrates that the utilization of a developmental psychopathological approach can ensure that the renaissance of the study of the self will continue to flourish Disorders and Dysfunctions of the Self is an invaluable resource for the libraries of academics interested in theory and research on normal and abnormal self processes clinicians who work with children and adults with self dysfunctions and disorders and students in psychology psychiatry social work and related fields It is recommended for use as a text for advanced undergraduate courses in developmental psychopathology or abnormal psychology and for graduate seminars on these and related topics
