Killian, 2024-11-26 A book length selection from Kevin Killian s legendary corpus of more than two thousand product reviews posted on Amazon com An enchanting roll of duct tape Love Actually on Blu ray Disc The Toaster Oven Cookbook The Biography of Stevie Nicks and an anthology of poets who died of AIDS In this only book length selection from his legendary corpus of more than two thousand product reviews posted on Amazon com sagacious shopper Kevin Killian holds forth on these household essentials and many many many others The beloved author of more than a dozen volumes of innovative poetry fiction drama and scholarship Killian was for decades a charismatic participant in San Francisco s New Narrative writing circle From 2003 2019 he was also one of Amazon s most prolific reviewers rising to rarefied Top 100 and Hall of Fame status on the site Alternately hilarious and heartfelt Killian s commentaries consider an incredible variety of items each

review a literary escapade hidden in plain sight amongst the retailer's endless pages of user-generated content. Selected Amazon Reviews at last gathers an appropriately wide swath of this material between two covers revealing the project to be a unified whole and always more than a lark. Some for verified purchases others for products enjoyed in theory. Killian's reviews draw on the influential strategies of New Narrative his unrivaled fandom for both elevated and popular culture and the fine art of fabulation. Many of them are ingeniously funny flash fictional riffs on the commodity as talismanic object written by a cast of personas worthy of Pessoa. And many others are serious even scholarly earnest tributes to contemporaries and to small press books that may not have received attention elsewhere offered with exemplary attention. All of Killian's reviews subvert the Amazon platform queering it to his own play with language identity genre critique. Killian's prose is a consistent pleasure throughout. Selected Amazon Reviews brimming with wit lyricism and true affection. As the Hall of Famer himself reflected on this form of his own invention shortly before his untimely passing in 2019. They're reviews of a sort but they also seem like novels. They're poems. They're essays about life. I get a lot of my kinks out there on Amazon.

Four Shades of Gray Simon Peter Rowberry, 2022-04-05 This first book length analysis of Amazon s Kindle explores the platform s technological bibliographical and social impact on publishing Four Shades of Gray offers the first book length analysis of Amazon s Kindle and its impact on publishing Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications then considers the consequences of having a single company control the direction of the publishing industry Exploring the platform from the perspectives of technology texts and uses he shows how the Kindle challenges traditional notions of platforms as discrete entities He argues that Amazon s influence extends beyond disruptive technology to embed itself in all aspects of the publishing trade yet despite industry pushback he says the Kindle has had a positive influence on publishing Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights an account of the digitization of books published after 1922 and a discussion of how Amazon s patent filings reflect a shift in priorities Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to Amazon doing so has had adverse consequences for publishers in the mid and long term limiting opportunities for developing an inclusive and forward thinking digital platform While it has forced publishers to embrace digital forms the Kindle has also empowered some previously marginalized readerships Although it is still too early to judge the long term impact of ebooks compared with that of the older technologies of clay tablets the printing press and offset printing the shockwaves of the Kindle continue to shape publishing

Geek Heresy Kentaro Toyama,2015-05-26 After a decade designing technologies meant to address education health and global poverty award winning computer scientist Kentaro Toyama came to a difficult conclusion Even in an age of amazing technology social progress depends on human changes that gadgets can t deliver Computers in Bangalore are locked away in dusty cabinets because teachers don t know what to do with them Mobile phone apps meant to spread hygiene practices in Africa fail to improve health Executives in Silicon Valley evangelize novel technologies at work even as they send their children to Waldorf schools that ban electronics And four decades of incredible innovation in America have done nothing to turn the tide of rising poverty and inequality Why then do we keep hoping that technology will solve our greatest social ills In this incisive book

Toyama cures us of the manic rhetoric of digital utopians and reinvigorates us with a deeply people centric view of social change Contrasting the outlandish claims of tech zealots with stories of people like Patrick Awuah a Microsoft millionaire who left his engineering job to open Ghana's first liberal arts university and Tara Sreenivasa a graduate of a remarkable South Indian school that takes impoverished children into the high tech offices of Goldman Sachs and Mercedes Benz Geek Heresy is a heartwarming reminder that it's human wisdom not machines that move our world forward **The Future Is Analog** David Sax,2022-11-15 Bestselling culture writer David Sax lays out the case against a false digital utopia and for a more human future In *The Future Is Analog* David Sax points out that the onset of the pandemic instantly gave us the digital universe we'd spent so long anticipating Instant communication online shopping virtual everything It didn't take long to realize how awful it was to live in this promised future We craved real experiences relationships and spaces and got back to real life as quickly and often as we could In chapters exploring work school religion and more this book asks pointed questions Is our future inevitably digital Can we reject the downsides of digital technology without rejecting change Can we innovate not for the sake of productivity but for the good of our social and cultural lives Can we build a future that serves us as humans first and foremost This is a manifesto for a different kind of change We can spend our creativity and money on building new gadgets or we can spend them on new ways to be together and experience the world to bake bread and climb mountains All we need is the clarity to choose which future we want [Amazon Planet](#) Mack Reynolds,2013-02-25 Amazonia had a reputation for strangeness even among the zany worlds of the United Federation of Planets It was a spartan planet ruled by a fearsome military caste made up exclusively of women The males of Amazonia usually wound up in some warrior's harem When Guy Thomas arrived he was allowed the privilege of landing only because he offered the government profitable trade agreements but it wasn't long before his real plans were fulfilled by his secret meetings with the male liberationist revolutionary group The Sons of Liberty They needed a lot of help The more he got involved however the more he got the feeling that something was wrong with the whole setup Guy Thomas was soon to learn that there was more to Amazonia than met the eye and he wasn't going to like the truth at all [The Amazon](#) Roger Harris,Peter Hutchison,2007 This new edition has been completely revised with updated information on hotels lodges and tour operators It contains a detailed and illustrated natural history section on native species and habitats The Amazon is an ideal location for eco travellers naturalists sports enthusiasts and explorers Travellers are given sound advice on responsible travel and planning their own expedition
