Rough Ride To The East English Edition:

Catalogue Calcutta (India). Imperial library, 1904 Fado and the Place of Longing Richard Elliott, 2017-07-05 Fado often described as urban folk music emerged from the streets of Lisbon in the mid nineteenth century and went on to become Portugal's national music during the twentieth. It is known for its strong emphasis on loss, memory and nostalgia within its song texts which often refer to absent people and places. One of the main lyrical themes of fado is the city itself. Fado music has played a significant role in the interlacing of mythology, history, memory and regionalism in Portugal in the second half of the twentieth century. Richard Elliott considers the ways in which fado songs bear witness to the city of Lisbon in relation to the construction and maintenance of the local. Elliott explores the ways in which fado acts as a cultural product reaffirming local identity via recourse to social memory and an imagined community while also providing a distinctive cultural export for the dissemination of a remembered Portugal on the global stage. *Excursions in World Music, Seventh Edition* Bruno Nettl, 2016-08-05 *Excursions in World Music* is a comprehensive introductory textbook to world music creating a panoramic experience for students by engaging the many cultures around the globe and highlighting the sheer diversity to be experienced in the world of music. At the same time the text illustrates the often profound ways through which a deeper exploration of these many different communities can reveal overlaps, shared horizons and common concerns in spite of and because of this very diversity. The new seventh edition introduces five brand new chapters including chapters by three new contributors on the Middle East, South Asia and Korea as well as a new chapter on Latin America along with a new introduction written by Timothy Rommen. General updates have been made to other chapters replacing visuals and updating charts and statistics. *Excursions in World Music* remains a favorite among ethnomusicologists who want students to explore the in depth knowledge and scholarship that animates regional studies of world music. A companion website is available at no additional charge. For instructors there is a new test bank and instructor's manual. Numerous student resources are posted including streamed audio tracks for most of the listening guides, interactive quizzes, flashcards and an interactive map with pinpoints of interest and activities. An ancillary package of a 3 CD set of audio tracks is available for separate purchase. **PURCHASING OPTIONS** Paperback 9781138101463 Hardback 9781138688568 eBook and mp3 file 9781315619378 Print Paperback Pack Book and CD set 9781138666443 Print Hardback Pack Book and CD set 9781138666436 Audio CD 9781138688032 See VitalSource for various eBook options mp3 audio compilation not available for separate sale *The Athenæum*, 1840 **A new and enlarged military dictionary, or, Alphabetical explanation of technical terms** Charles James, 1810 **A Guide to the Eastern Alps** John Ball, 1870 **The Dublin University Magazine**, 1840 **University Magazine**, 1840 **"The" Athenaeum**, 1886 The Collected Works Theodore Roosevelt, Henry Cabot Lodge, 2022-11-13 *The Collected Works* bring together a compelling array of essays and speeches that capture the dynamic interplay of themes central to American political, social and historical discourse. Blake, 2020-06-01. In 1903 Theodore Roosevelt planned a tour of the mid West and Western states. It was dubbed the Great Loop Tour, being careful not to call it a campaign tour, although he intended to seek re-election the following year. Theodore was adamant that his speeches be devoid of any partisan rhetoric nor would he meet solely with Republican office holders in the various cities and towns he planned to visit. He would happily shake hands with a Democratic mayor or Senator just as he would a Republican. Theodore's speeches, which he wrote himself, covered subjects of good citizenship, a square deal for every man, a strong navy and the positive aspects of the recent irrigation bill he signed into law. Then there were his speeches relating to conservation of the land, forests, rivers and wildlife. Nowhere did these subjects become more important to him than when he visited Yellowstone, the Grand Canyon and Yosemite. While he was still three years away from having the law that would knight him as the Conservation President, Theodore was already making his mark on preserving the country's resources. *Poole's Index to Periodical Literature: Rev. ed., pt. 1, A-J, 1802-1881. pt. 2, K-Z, 1882*.
