Northern Exposure Maria Diamante, John Rowlands, 2014-07-22 *Northern Exposure* By Maria Diamante an ambitious and focused biologist studying the effects of global warming was content being alone in the woods with the wildlife being her only company But the arrival of Greg her young new research assistant from the University of Alberta shattered her peaceful solitude Now both Erica and Greg are torn between academic integrity and allowing animal instincts to take over Erica struggles should a professor and student give in and become as untamed as the wildlife *Northern Exposure* Michael Samuel, 2021-11-15 When *Northern Exposure* first aired on television in 1990 viewers were introduced to the small fictional town of Cicely Alaska and its quirky yet endearing citizens During its run *Northern Exposure* received critical acclaim winning two Peabody Awards seven Primetime Emmy Awards and two Golden Globes Though the show was cancelled after six seasons it has had a profound impact on contemporary television In *Northern Exposure A Cultural History* Michael Samuel revisits the cult television series and celebrates its legacy from its surreal narrative to its diverse onscreen representations Covering the show's production history characters individual episodes fan culture and critical response Samuel reveals *Northern Exposure*'s wide cultural impact during its time on air and ever since Complete with an exploration of the town where the series was shot and a comprehensive guide to all 110 episodes *Northern Exposure A Cultural History* is the perfect companion to this classic series A fascinating and accessible retrospective this book recalls a cultural moment in American television defined by a series that wasn't afraid to push boundaries Queer TV in the 21st Century

Kylo-Patrick R. Hart, 2016-06-05 Television has historically been largely ineffective at representing queerness in its various forms In the 21st century however as same sex couples have seen increasing mainstream acceptance and a broader range of queer characters has appeared in the media it seems natural to assume TV portrayals of queerness have become more enlightened But have they This collection of fresh essays analyzes queerness as depicted on TV from 2000 to the present Examining *Buffy the Vampire Slayer* *The Ellen DeGeneres Show* *The L Word* *Modern Family* *The New Normal* *Queer as Folk* *Queer Eye for the Straight Guy* *RuPaul's Drag Race* *Spartacus* and *Will Grace* among other series the contributors demonstrate that queer characters in general have achieved visibility at the expense of minimizing much of their queerness with a few eye opening exceptions
