approach It works from the bottom up and is written to empower individuals who wish to combat Critical Social Justice in their personal and professional lives Based on the author s years of experience studying exposing and fighting Critical Social Justice ideology and advising individuals and organizations struggling with it The Counterweight Handbook is designed to help people address Critical Social Justice problems in the most ethical and effective way possible It not only offers principled responses to the main claims of Critical Social Justice but also teaches individuals what to do when they are asked to affirm beliefs they do not hold undergo training in an ideology they cannot support or submit to antiscientific testing and retraining of their unconscious minds In short it is for all of us who believe in freedom of speech and conscience who wish to push back against the hostile work and educational environments Critical Social Justice has created and who want to stand up for our individual liberties and universal rights **Handbook of Effective Management** Donald W. Huffmire, Jane D.
