**Big Data and Analytics Applications in Government** Gregory Richards, 2017-09-18 Within this context big data analytics BDA can be an important tool given that many analytic techniques within the big data world have been created specifically to deal with complexity and rapidly changing conditions The important task for public sector organizations is to liberate analytics from narrow scientific silos and expand it across internally to reap maximum benefit across their portfolios of programs This book highlights contextual factors important to better situating the use of BDA within government organizations and demonstrates the wide range of applications of different BDA techniques It emphasizes the importance of leadership and organizational practices that can improve performance It explains that BDA initiatives should not be bolted on but should be integrated into the organization's performance management processes Equally important the book includes chapters that demonstrate the diversity of factors that need to be managed to launch and sustain BDA initiatives in public sector organizations

**Achieving Success for New and Aspiring Superintendents** Mary Frances Callan, William Levinson, 2011 The authors of this book wrote it for those aspiring to be superintendents those new to the position and those completing their second or third year and who are looking to the future What makes their approach unique is the belief that talented people who aspire to be superintendents are far more likely to accomplish that goal and achieve success on the job if they understand the totality of the position School districts are complex organizations Providing effective leadership to these organizations requires mastery of a wide array of leadership and organizational skills Aspiring superintendents with vision and motivation

who understand the inherent challenges of the position have a great advantage over those who do not The book's goal is to provide readers with this advantage This is why the book covers the full cycle of the first superintendent position preparation application and transition the challenges of the first few years and the decision to stay or move to another position Aspiring and new superintendents who read the book will learn about the full range of skills and knowledge needed to succeed They will be better prepared to be effective superintendents

*Performance Management* T. V. Rao, Nandini Chawla, 2024-03-14 This book attempts to shift focus from performance appraisals to performance management incorporating performance planning analysis and development as critical components of it The performance management system PMS is a future driven exercise rather than merely a past reviewing exercise Performance management is treated as a year round practice and not an appraisal process conducted once a quarter or annually Moreover it is now considered to be everyone's responsibility and not merely that of HR or the upper management This book advocates the structuring of PMSs and their implementation It incorporates the most modern 360 degree feedback systems and shows the ways and means of integrating it into PMS Arguments are offered to use rating less appraisals and or a combination of appraisals with 360 degree feedback It defines performance management to mean continuous improvements in performance of individuals their teams departments and corporations It also outlines that planning analysis review coaching and capability building are essential building blocks for good performance management Concise lucid and engaging this volume would be useful to the students researchers and faculty of human resource management organizational behaviour and applied psychology It would

also be an invaluable guidebook for practicing business executives and HR professionals to help them implement the performance management system for effective talent management leading to increased productivity     *Nomination of Robert L.
