The Jemima Code Toni Tipton-Martin, 2022-07-01 Winner James Beard Foundation Book Award 2016 Art of Eating Prize 2015 BCALA Outstanding Contribution to Publishing Citation Black Caucus of the American Library Association 2016 Women of African descent have contributed to America's food culture for centuries but their rich and varied involvement is still overshadowed by the demeaning stereotype of an illiterate Aunt Jemima who cooked mostly by natural instinct To discover the true role of black women in the creation of

American and especially southern cuisine Toni Tipton Martin has spent years amassing one of the world's largest private collections of cookbooks published by African American authors looking for evidence of their impact on American food families and communities and for ways we might use that knowledge to inspire community wellness of every kind The *Jemima Code* presents more than 150 black cookbooks that range from a rare 1827 house servant's manual the first book published by an African American in the trade to modern classics by authors such as Edna Lewis and Vertamae Grosvenor The books are arranged chronologically and illustrated with photos of their covers many also display selected interior pages including recipes Tipton Martin provides notes on the authors and their contributions and the significance of each book while her chapter introductions summarize the cultural history reflected in the books that follow These cookbooks offer firsthand evidence that African Americans cooked creative masterpieces from meager provisions educated young chefs operated food businesses and nourished the African American community through the long struggle for human rights The *Jemima Code* transforms America's most maligned kitchen servant into an inspirational and powerful model of culinary wisdom and cultural authority

Inventing Authenticity Carrie Helms Tippen, 2018-08-12 In *Inventing Authenticity* Carrie Helms Tippen examines the rhetorical power of storytelling in cookbooks to fortify notions of southernness Tippen brings to the table her ongoing hunt for recipe cards and evaluates a wealth of cookbooks with titles like *Y'all Come Over and Bless Your Heart* and famous cookbooks such as Sean Brock's *Heritage* and Edward Lee's *Smoke and Pickles* She examines her own southern history grounding it all in a thorough understanding of the relevant literature The result is a deft and entertaining dive into the territory of southern cuisine black-eyed peas and cornbread fried chicken and fried okra pound cake and peach cobbler and a look at and beyond southern food tropes that reveals much about tradition identity and the yearning for authenticity Tippen discusses the act of cooking as a way to perform and therefore reinforce the identity associated with a recipe and the complexities inherent in attempts to portray the foodways of a region marked by a sometimes distasteful history *Inventing Authenticity* meets this challenge head-on delving into problems of cultural appropriation and representations of race thorny questions about authorship and more The commonplace but deceptively complex southern cookbook can sustain our sense of where we come from and who we are or who we think we are
