Dukan diet is making a name for itself as a revolutionary approach to weight loss promising to deliver results without the sacrifice demanded by the Atkins or South Beach diets. Essentially it's a four phase high protein low calorie diet plan. You eat as much as you want at any time of day as long as what you're eating is lean protein at least initially. In fact protein is the centerpiece in all four phases along with oat bran lots of water and a 20 minute daily walk. Dukan diet will help you to shed weight fast and in a safe effective and lasting way. Oat bran is an important part of the Dukan program because it is high in a soluble fiber called beta D glucan. This high soluble fiber content makes oat bran the dieter's friend as it not only helps combat constipation it also makes you feel full and satisfied and can prevent the absorption of up to 10% of the fat that you eat. Eating oat bran on a regular basis is also likely to meet with the approval of your doctor as research has shown that the regular consumption of oat bran can lower cholesterol even out the fluctuations in blood sugar levels and may also help prevent some forms of cancer. The recipes provided in this book are wholesome and tasty. Simple to prepare yet totally delicious these recipes will be a surprise.
