Reckless Point English Edition:

Before 30 Discipleship English Version Philip Mantofa, Mulyadi Budiyo, M.A., Robert Kusnadi Bsc., Maria Lusiana M.Pd., 2024-02-01 It is my heart's desire to see the rise of this generation burning with fires of revival A generation that hungers for the presence of the Holy Spirit and a personal encounter with Christ A generation that is filled with power to do mighty works to heal the sick to mend the wounded to help the poor and to be an answer for the nation's A generation whose work and influence are not bounded only within the church vicinity rather their impact can be felt by their immediate families communities at large the entire nation and even by other nations Churches will experience revival school and campuses will be filled with an excellent generation the market place will be revamped with trustworthy leaders the nation's will rise up from economic social cultural setbacks and shine I dream to see history being altered by this superior generation I want to invite you to share the same dream with me in this journey of faith A journey that alters the history of a generation and nation Will the dream come true The answer is with you and me When we decide to respond to God's calling be faithful in everything that we do walk in His holiness and plan we will see God work wonders Through this discipleship book I believe that a new generation will rise and light up the nation The principles contained in this book emanate from my direct personal experience with God It is not a theoretical teaching but a walk of faith that I have gone through with Him I want to share my life experience with you and invite you to join in Prepare your luggage fasten your seat belt we will fly together and enter God's training camp and come out as history changers Yours for revival Ps Philip Mantofa Woman and Socialism (English Edition) August Bebel, 2014-11-12 Example in this ebook We are living in an age of great social transformations that are steadily progressing In all strata of society we perceive an unsettled state of mind and an increasing restlessness denoting a marked tendency toward profound and radical changes Many questions have arisen and are being discussed with growing interest in ever widening circles One of the most important of these questions and one that is constantly coming into greater prominence is the woman question The woman question deals with the position that woman should hold in our social organism and seeks to determine how she can best develop her powers and her abilities in order to become a useful member of human society endowed with equal rights and serving society according to her best capacity From our point of view this question coincides with that other question In what manner should society be organized to abolish oppression exploitation misery and need and to bring about the physical and mental welfare of individuals and of society as a whole To us then the woman question is only one phase of the general social question that at present occupies all intelligent minds its final solution can only be attained by removing social extremes and the evils which are a result of such extremes Nevertheless the woman question demands our special consideration What the position of woman has been in ancient society what her position is to day and what it will be in the coming social order are questions that deeply concern at least one half of humanity Indeed in Europe they concern a majority of organized society because women constitute a majority of the

population Moreover the prevailing conceptions concerning the development of woman s social position during successive stages of history are so faulty that enlightenment on this subject has become a necessity Ignorance concerning the position of woman chiefly accounts for the prejudice that the woman s movement has to contend with among all classes of people by no means least among the women themselves Many even venture to assert that there is no woman question at all since woman s position has always been the same and will remain the same in the future because nature has destined her to be a wife and a mother and to confine her activities to the home Everything that is beyond the four narrow walls of her home and is not closely connected with her domestic duties is not supposed to concern her In the woman question then we find two contending parties just as in the labor question which relates to the position of the workingman in human society Those who wish to maintain everything as it is are quick to relegate woman to her so called natural profession believing that they have thereby settled the whole matter They do not recognize that millions of women are not placed in a position enabling them to fulfill their natural function of wifehood and motherhood owing to reasons that we shall discuss at length later on They furthermore do not recognize that to millions of other women their natural profession is a failure because to them marriage has become a yoke and a condition of slavery and they are obliged to drag on their lives in misery and despair To be continue in this ebook

The Dream Police - English version Alessandro Giudice,2017-12-28 Almost certainly the content of the following specification is something already well known therefore it may seem superfluous here nevertheless we prefer to propose it just the same During the length of this story we will neglect the obvious definition regarding what is commonly considered as an act of conscious will We d rather observe that by act of unconscious will we mean an act performed according to the will of which the person who acts is not conscious therefore that act is the result of an unconscious will pulsion Instead by involuntary act we mean an act performed without any conscious or unconscious will by the person who acts for example it s the case of those acts belonging to circumstances such as unexpectedly meeting someone something while you re walking that meeting does not depend on the conscious or unconscious will of the person About all that this is not the adequate place to deal with either supernal will or coincidence the latter not to be interpreted as a casualness but literary as the event of co inciding as synchronicity according to the undersigned The dream and the acts it contains here represent a matter on their own You can conceptualize as you please the distinction among a nihilist a dissident a dissentient and a subversive according to the power system described in this story the latter two could be considered as interconnected for precautionary measures You can imagine as you please the complexions and the jobs of the characters in this story The Author

In the Wake of Basho Yury Lobo,2016-12-30 According to the author Yury Lobo this book just happened After very intense submerging into Japanese culture history art and poetry one early morning the whole idea of the book came to him as one piece to introduce Shakespeare to Japan at least two centuries before it actually happened The idea however as crazy as it may sound is not quite too far away from reality it could truly have happened that a Roman Catholic Japanese with

initial traditional samurai background escaped to Christian Macao in 17th century where he was introduced to English which became in time his second mother tongue and through English was captured with the genius of Shakespeare Of course Haruki Okami's core was still Japanese Once a samurai forever a samurai The tiger doesn't change his stripes His Basho and Shakespeare influenced existential poetry is a sort of crossover or fusion of both languages cultural poetic and religious traditions of Japan and England Hokku married with Shakespearean blank verse Haruki Okami the fictitious poet was impressed by Shakespeare like French artists were impressed by Japanese art in the second half of the 19th century which brought impressionism to life His impressionistic poetry is sort of extended minimalism with more attention to transient details Important is the architecture of Haruki Okami's verse 3 lines long shorter one and the shortest It is sort of backward steps or stairway arranged sense wise in ascending order The reader is kind of going downstairs but actually he is going up The suspension is growing toward the climatic end and ends up with an ellipsis inviting the reader to fill up the omitted words connotations and meanings the reader can find all this intended omissions in extensive Notes which covers a significant part of Japanese and English history the animal world religious symbols and traditions American and English Railroad Cases, New Series, 1896 *Chamber's English Dictionary, Pronouncing, Explanatory, and Etymological* Chambers, 1873 **Collins' Graphic English dictionary, ed. by A.M. Wegemer, 2011-04-29 What does it mean to be a free citizen in times of war and tyranny What kind of education is needed to be a first or leading citizen in a strife filled country And what does it mean to be free when freedom is forcibly opposed These concerns pervade Thomas More's earliest writings writings mostly unknown including his 280 poems

declamation on tyrannicide coronation ode for Henry VIII and his life of Pico della Mirandola all written before Richard III and Utopia This book analyzes those writings guided especially by these questions Faced with generations of civil war what did young More see as the causes of that strife What did he see as possible solutions Why did More spend fourteen years after law school learning Greek and immersed in classical studies Why do his early works use vocabulary devised by Cicero at the end of the Roman Republic THE GREENBOOK OF ADVANCED ENGLISH VOCABULARY SUNIL
