over the railing of the capsizing ship but there is also another silence in her or around her I can no longer hear the music of her soul One day the author's mother no longer remembers the word for book This seemingly innocuous moment of distraction is the first sign of the slow disintegration of her mind As Alzheimer's disease sets in and language increasingly escapes her her son attempts to gather the fragments of what she has become writing a moving loving chronicle of the gradual descent into dementia of someone who no longer knows who she is where she is or what will happen

While the Gods Were Sleeping Erwin Mortier, 2016-01-05 While the Gods Were Sleeping is a novel about the magnitude and impact of the First World War the recollections of which are recorded in the notebooks of the elderly Helena The young Helena is sent to her uncle's country house before the war and from here she witnesses scenes of indescribable horror But it is also where she meets Matthew again a British Army photographer who she goes on to marry This is a story not about spectacular events rather Mortier is concerned with writing about war history and the past with great empathy and engagement and with a mixture of melancholy qualification and resignation
