## Underlying Principles

**Discharge planning Begins AT ADMISSION, and;**

- Should prepare for the functional ability of the client: this includes whether they have caregivers at home, or if they're in need of one.
- Should include an assessment of the client's previous residence: if they're returning there, identify if the dwelling need any structural adaptations or equipment.
- A referral for social services can be made as needed to address gaps in the clients support system or resources.
- Convey health status and needs to concerned parties and community service providers.
- Includes documentation from the provider either approving or disapproving of cessation of care. Certain clients have the right to leave at any time

## Nursing Interventions

**Transferring/discharging a client:**

1. Confirm both the date and time of departure, as well as the validity of the clients future residence.
2. Arrange for transportation detail as necessary
3. Communicate departure details to client
4. Complete documentation
5. Collect and prepare the patients discharge equipment
6. Prepare the client to discharge appropriately: dressed and groomed according to their desires.
7. Give a transfer report.
