**Budgeting for Not-For-Profit Organizations** Robert D. Vinter, 2002

**Day Camp Programming and Administration** Jill Moffitt, 2011 More and more recreation and fitness professionals are called on to create day camps for children in facilities that have traditionally been geared to recreation and fitness users New programming and operational challenges arise as professionals are asked to serve a different population with innovative programs through these camps You can overcome those challenges with Day Camp Programming and Administration Core Skills and Practices This handy reference which is geared toward new professionals will help you conduct a needs analysis and prepare a proposal for a facility based camp regardless of your setting develop business and marketing plans for your camp manage risk and generate money through your camp and manage programming staff training and administrative processes from conception through evaluation The book comes with a CD ROM that supplies you with a comprehensive set of worksheets and forms to assist you in planning operating and evaluating your camp You can use these printable tools as the book guides you step by step through the camp management process You will be exposed to an array of program choices and training and administrative tasks that will help you run successful camps The author draws on her 12 years of experience in running day camps to help you plan your camp You will learn how to gather information in making wise decisions as you get started how to plan for safety and comply with health and safety standards and how to develop camp policies and communicate with parents You will then be guided through organizing the camp structure including registration the business plan and the daily schedule You will explore how to hire train develop and evaluate staff and you will examine common camp programs and discover how to select and implement your own program Finally you will learn how to evaluate your program and use that evaluation in preparing future camps Day Camp Programming and Administration Core Skills and Practices covers all you need to know to operate your own facility based day camp whether you are a professional in a municipal recreation department a fitness owner looking to branch out or a campus recreation professional This guide addresses challenges you ll face as a new day camp provider through practical examples tried and true suggestions and tips that will help you fulfill your community s needs increase your bottom line and provide fruitful experiences for your day campers

**Cabins, Canoes and Campfires** Jill Hudson, 2005 Many children with autism spectrum disorders are not able to thrive in a typical summer camp due to their unique sensory and behavioral needs Yet like all other kids they love the camp experience This book presents what it takes to put on a camp that takes into consideration the special needs of children on the autism spectrum

[Financial Management in the Sport Industry](#) Matthew T. Brown, Daniel A. Rascher, Mark S. Nagel, Chad D. McEvoy, 2021-04-07 Now in a fully revised and updated

third edition this essential textbook introduces the fundamentals of sport finance and sound financial management in the sport industry. It is still the only textbook to explain every aspect of finance from the perspective of the sport management practitioner, explaining key concepts and showing how to apply them in practice in the context of sport. The text begins by covering finance basics and the tools and techniques of financial quantification using industry examples to apply the principles of financial management to sport. It then goes further to show how financial management works specifically in the sport industry. Discussions include interpreting financial statements, debt and equity financing, capital budgeting, facility financing, economic impact, risk and return, time value of money, and more. The final part of the book examines financial management in four sectors of the industry: public sector, sport, collegiate athletics, professional sport, and international sport. It provides an in-depth analysis of the mechanics of financial management within each of these sport sectors. Useful features such as sidebars, concept checks, practice problems, case analysis, and case questions will help students engage more deeply with financial techniques and encourage problem-solving skills. This new edition includes a completely new chapter on international sport, reflecting the globalized nature of the modern sport industry, as well as expanded coverage of current issues such as digital media finance, recent legal cases affecting collegiate sport, and the central importance of collective bargaining.

**Financial Management in the Sport Industry** is an essential textbook for any undergraduate or postgraduate course in sport finance and an invaluable supplement to any course in sport business or sport management. It is also an important reference for all sport management practitioners looking to improve their understanding of finance. The book is accompanied by updated and expanded ancillary materials, including an instructor's manual, PowerPoint slides, and an image bank.

*Start and Grow Your Faith-Based Nonprofit* Jill Esau, 2005-07-08 *Start and Grow Your Faith Based Nonprofit* offers clear guidance on how to fund and manage a faith-based social ministry. If you have been called by God to fulfill a mission through a nonprofit organization, this is the book for you. Written specifically for grassroots faith-based groups, this important book is a tool for the thousands of individuals and churches that heal emotional, physical, and spiritual wounds through faith-based social service programming. In this much-needed resource, Jill C. Esau, founder of We Care Northwest, a nonprofit designed to build capacity in and advocate on behalf of faith-based organizations, provides professional step-by-step guidance. *Start and Grow Your Faith Based Nonprofit* addresses vital issues such as church sponsorship, volunteer management, the grant-making process, observing government regulations and certification, fiscal responsibilities, partnering with complementary programs, and much more.

**Program Evaluation in Practice** Dean T. Spaulding, 2008-02-25 The lack of teaching cases in program evaluation is often cited as a gap in the field. This ground-breaking book fills this gap, covering the essentials of program evaluation as it is used in education and with a wide variety of evaluation projects to be discussed, analyzed, and reflected upon. The book covers the essentials of program evaluation, including foundation and types of evaluation, tools for collecting data, writing of reports, and sharing of findings. Individual cases cover classroom instruction, community-based

program teacher training professional development a secondary school based program after school program reading achievement school improvement grant and confidentiality Each case is structured to include learning objectives program description evaluation plan summary of evaluation activities and findings key concepts discussion questions class activities and suggested reading As useful for students as it is for evaluators in training Program Evaluation in Practice is a must have for those aspiring to become effective evaluators

**My Parent Plan** Beth Blecherman, 2013-05 With three young boys and TechDad in the home Beth Blecherman transitioned from her position as Senior Manager and Consultant at Deloitte to CEO of Family Management for the Blecherman household then used social media to create her Career 2.0 She is now applying her years of consulting technology and family management to help other families use project management and priority setting to create their own Parent project Plan Page 4 of cover

**Library Robotics** Sarah Kepple, 2015-10-22 A dive right in quick start guide for busy library professionals who want to build literacy STEAM and other 21st century skills using simple robots in a fun collaborative environment Robotics in the library Absolutely Robotics can add a new dimension to library programming one that can help America's youth build the Science Technology Engineering Art and Math STEAM and 21st century learning skills they will need to be successful in an international technology infused workforce This book provides a complete guide for launching a robotics program in the library and demonstrates the links between robotics programming and learning It also includes complete instructions for various program models that employ robotics Robotics programs are an ideal way for public and school libraries to demonstrate their vital roles as the hubs of community learning and the subject is universally popular with students as well as parents and industrial funders The book's clearly and succinctly written chapters begin by providing the information that librarians will need for stakeholders and to select equipment then move logically into addressing guided activities and expansion ideas Children's librarians teen librarians school media specialists particularly those focused on middle school students and adult and technology librarians looking to connect with new adults will find this book useful and appealing
