**Subject-** Letter to graduating seniors.

**Dear** [Mention the name of the recipient],

Wow. You're receiving your diploma! It seems significant, doesn't it? Anticlimactic, too. It is thrilling. Bittersweet, but also. It feels upbeat but has also at times, seemed depressing. You are formally unprecedented and life goes on graduating class.

We rejoice over you. We share your sorrow. With you, we eagerly anticipate the future. We fear for you. We are aware of your absence. Although you might not yet be aware of it, we also know that you have won something priceless.

We want you to know that this year has the potential to be both. Hard and fantastic. Stunning and disappointing. Life is never just one thing, it is a sacred amalgam of the lovely and the tragic. It's the definitive guide to living, and yours just so happened to include a pandemic on a worldwide scale! How will it now assist you?

Given that you were a baby just a short while ago, it's difficult for us to comprehend that you have graduated. Afterward, a kindergartener. And a student in middle school. Likewise, freshmen. You were achieving milestones that were within our reach, such as your first words, steps, friendships, failures, and successes. And all of a sudden, you're stretching farther than we can catch you. We are the spectators watching you perform on the trapeze as you fly through the air.

So, congrats on your graduation! It's been a remarkable year. But this year has been yours. Take it now and fly.

**Career Essentials: The Cover Letter** Dale Mayer, 2011-05-20 Today's economy leaves little room for second chances in the job market. Hiring managers are swamped with applications. What are you doing to rise to the top of the pile and get noticed? If it isn't creating a cover letter driven by facts and filled with punch, you aren't doing enough. The cover letter is often overlooked as a key marketing tool, the perfect introduction. It can be blank and uninteresting, or it can offer the potential employer exactly what they are seeking. Don't overlook this simple step that can improve your chances over other candidates. This book walks you through the various elements of a good cover letter, taking you through each step with plenty of examples to show exactly what you need to know to create the best cover letter over and over again. Make yours the one that brings the light of relief into the recruiter's eye as they see the perfect candidate. At just over a hundred pages, this concise, easy-to-read guide is full of professional information that will make your job search take off. *The Private Voice Studio Handbook*, 2003. A nationally recognized expert in teaching private voice, Joan Boytim has compiled some of the most widely used vocal collections in the US. Her clinics about various aspects of teaching voice literature and running a voice studio have been attended by thousands of teachers. Now that professional wisdom has been put into a new book, indispensable for independent instructors, *The Private Voice Studio Handbook*. Its chapters address in practical detail topics such as starting a private voice studio, equipment and space, recruiting and accepting students, ideas for the very first lesson with a student, studio policies, guidelines, and ethics, teaching music reading, recommended syllable drills and vocalises, lesson plans, practice procedures, choosing repertoire suitable to students' abilities, finding appropriate sacred solos, accounting and record keeping, tax insurance, and retirement advice, techniques for teaching voice to children and adults, planning studio recitals, and many more. An excellent resource for college and university voice faculty. Now What, Grad? Chris Palmer, 2018-08-16. Many soon-to-be graduates are worried about their future. They stress about whether they'll find a job if it will be fulfilling, whether they will earn enough to pay off their student loans, and whether they will fail and disappoint their families. Young people need to learn many things that colleges don't teach, including how to behave professionally, how to collaborate, how to be life-long learners, and how to be resourceful, resilient, and ethical. This book will teach students the things they need to succeed in the real world, such as how to organize a job search, how to ace job interviews, how to manage time effectively, how to manage and reduce stress, how to be an effective leader, how to run a meeting well, how to survive a bad performance review, how to become a powerful speaker, how to network, and many other skills that are the keys to success and fulfillment. New topics in this 2nd edition include the habits of successful people, eliminating bad habits, dealing with criticism, email etiquette, making a good first impression, the importance of gratitude, how to listen, job hunting mistakes, managing conflict, how to overcome obstacles, the importance of professionalism, punctuality, and thank-you letters, creating a powerful online presence, how to crowdfund, necessary life skills, and sample cover letters. **The National Directory of**
