Advanced Nursing Practice and Nurse-led Clinics in Oncology Carole Farrell, 2015-09-07 Over the past ten years there has been a dramatic increase in new nursing roles and nurse-led clinics within oncology. This unique handbook is a comprehensive companion for nurses studying and practising at an advanced level in this emerging field. This text outlines and discusses roles, responsibilities and skills related to advanced practice in oncology nursing including leadership, communication skills and prescribing, linking throughout to the implications for clinical practice. It then provides a step by step guide to setting up and developing nurse-led clinics, looking in more detail at clinics focusing on surgery, chemotherapy, radiotherapy, clinical trials and follow ups, and providing an in-depth case example of a clinic set up for adjuvant Herceptin use. Practical, relevant and underpinned by current legislation, *Advanced Nursing Practice and Nurse-led Clinics in Oncology* is an invaluable resource for oncology nurses.

Nursing Delegation and Management of Patient Care - E-Book Kathleen Motacki, Kathleen Burke, 2010-03-03 This dynamic resource is your guide to the latest information on the roles and responsibilities of the manager of patient care, core competencies required of nurses caring for patients and a wide range of management concepts that nurses need to know before entering practice. With an emphasis on patient safety and evidence-based practice, it provides complete coverage of patient care, management, leadership, information management, organizational planning and human resources. Organized around the five major functional groups within health care organizations that nurses handle or frequently interact with: patient care, management, leadership, information management, organizational planning and human resources. Important content on the environment of care examines hospital safety and security issues including emergency codes, Safe Patient Handling and Movement and Materials Safety Data Sheets (MSDS). Evidence-based boxes summarize current research and best practices for topics throughout the textbook. Clinical Corner boxes discuss practice process improvements made by nurses, including safe effective practices used at their institutions and how they improve patient care. NCLEX examination style review questions at the end of each chapter offer valuable review and exam preparation.
