New York Magazine, 1978-02-13 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. The Death of Desire M. Guy Thompson, 2016-07-07 A stunning exploration of the relation between desire and psychopathology. *The Death of Desire* is a unique synthesis of the work of Laing, Freud, Nietzsche, and Heidegger that renders their often difficult concepts brilliantly accessible to and usable by psychotherapists of all persuasions. In bridging a critical gap between phenomenology and psychoanalysis, M. Guy Thompson, one of the leading existential psychoanalysts of our time, firmly re-situates the unconscious what Freud called the lost continent of repressed desires in phenomenology. In so doing, he provides us with the richest, most compelling phenomenological treatment of the unconscious to date and also makes Freud's theory of the unconscious newly comprehensible. In this revised and updated second edition to the original published in 1985, M. Guy Thompson takes us inside his soul-searching seven-year apprenticeship with radical psychiatrist R. D. Laing and his cohorts as it unfolded in counterculture London of the 1970s. This rite de passage culminates with a four-year sojourn inside one of Laing's post-Kingsley Hall asylums where Laing's unorthodox conception of treatment dispenses with conventional boundaries between doctor and patient. In this unprecedented exploration, Thompson reveals the secret to Laing's astonishing alternative to the conventional psychiatric and psychoanalytic treatment schemes. Movingly written and deeply personal, Thompson shows why the very concept of mental illness is a misnomer and why sanity and madness should be understood instead as inherently puzzling stratagems that we devise in order to protect ourselves from intolerable mental anguish. *The Death of Desire* offers a provocative and challenging reappraisal of depth psychotherapy from an existential perspective that will be of interest to psychoanalysts, psychotherapists, philosophers, social scientists, and students of the human condition.

Roads to Rome Jenny Franchot, 2024-03-29

The mixture of hostility and fascination with which native-born Protestants viewed the foreign practices of the immigrant church is the focus of Jenny Franchot's cultural, literary, and religious history of Protestant attitudes toward Roman Catholicism in nineteenth-century America. Franchot analyzes the effects of religious attitudes on historical ideas about America's origins and destiny. She then focuses on the popular tales of convent incarceration with their Protestant maidens and lecherous tyrannical Church superiors. Religious captivity narratives like those of Indian captivity were part of the

ethnically theologically and sexually charged discourse of Protestant nativism Discussions of Stowe Longfellow Hawthorne and Lowell writers who sympathized with Romanism and used its imaginative properties in their fiction further demonstrate the profound influence of religious forces on American national character This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994
