Depending on Strangers David P Levine, 2021-03-01 We live in a world where our livelihood depends on our ability to relate to strangers The central quality that defines strangers is that they are unknown Because strangers are unknown they represent in the world outside the unknown self within The unknown self is the core of the personality considered as a potential to become something yet to be determined To be already known is to be determined prior to and independently of our presence in our lives At the outset of the process of taking form the individual is in a sense a stranger to self and to others The more this is the case the greater the openness of the process of self formation and the more marked the role of freedom from predetermination in that process Freedom from predetermination exists along three dimensions the free movement of thoughts and ideas or inner freedom the freedom to relate which is also the freedom not to relate and freedom in relating which is the possibility of maintaining secure self boundaries in relations with others In exploring freedom understood in this way Professor Levine considers such topics as the nature of inner freedom and its relationship to deliberation and choice stranger anxiety and its connection to group dynamics and social connection the internal factors that enable us to make the decisions that shape our lives and through our actions realize the ends embedded in our decisions how our memories shape our thought processes and therefore the choices we make and the lives we lead that result from them what makes it possible for us to live comfortably with and depend on people we do not know concern for the welfare of

strangers and how our welfare can be secure in a world where we do not care about others and they do not care about us

The Coming of God Jürgen Moltmann, Margaret Kohl, 2004-07-27 Winner of Grawemeyer Award In this remarkable and timely work in many ways the culmination of his systematic theology world renowned theologian Jürgen Moltmann stands Christian eschatology on its head Moltmann rejects the traditional approach which focuses on the End an apocalyptic finale as a kind of Christian search for the final solution He centers instead on hope and God's promise of new creation for all things Christian eschatology he says is the remembered hope of the raising of the crucified Christ so it talks about beginning afresh in the deadly end Yet Moltmann's novel framework deeply informed by Jewish and messianic thought also fosters rich and creative insights into the perennially nettling questions of eschatology Are there eternal life and personal identity after death How is one to think of heaven hell and purgatory What are the historical and cosmological dimensions of Christian hope What are its social and political implications In a heartbreakingly fragile and fragment world Moltmann's comprehensive eschatology surveys the Christian vista bravely envisioning our horizons of expectation for personal social even cosmic transformation in God

Ethics in Light of Childhood John Wall, 2010-08-12 Childhood faces humanity with its own deepest and most perplexing questions An ethics that truly includes the world's childhoods would transcend pre-modern traditional communities and modern rational autonomy with a postmodern aim of growing responsibility It would understand human relations in a poetic

rather than universalistic sense as openly and interdependently creative As a consequence it would produce new understandings of moral being time and otherness as well as of religion rights narrative families obligation and power Ethics in Light of Childhood fundamentally reimagines ethical thought and practice in light of the experiences of the third of humanity who are children Much like humanism feminism womanism and environmentalism Wall argues a new childism is required that transforms moral thinking relations and societies in fundamental ways Wall explores childhood s varied impacts on ethical thinking throughout history advances the emerging interdisciplinary field of childhood studies and reexamines basic assumptions in contemporary moral theory and practice In the process he does not just apply ethics to childhood but applies childhood to ethics in order to imagine a more expansive humanity *God and the Future* Christiaan Mostert,2002-11-01 An introduction to the theology of Wolfhart Pannenberg Pannenberg s extensive works especially his recently published Systematic Theology are increasingly regarded as of major importance Professor Mostert here provides not only a general introduction to Pannenberg s theology and many keys to enable the serious reader of theology to access Pannenberg s individual works but also sets Pannenberg s complex thought in the broadest context of contemporary philosophical and theological thought Wealth, Virtue, and Moral Luck Kate Ward,2021 In Wealth Virtue and Moral Luck Kate Ward addresses the issue of inequality from the perspective of Christian virtue ethics arguing that our individual life circumstances affect our ability to pursue virtue and showing how Christians and Christian communities should respond to create a world where it is easier for people to be virtuous *Not the End of the World* Lily Umah,2024-01-19 Ever feel like the world s heading for a cliff and all you can do is scroll through a barrage of doomsday news Lily Umah s Not the End of the World is the breath of fresh air you didn t know you needed It s not about denying our environmental challenges it s about finding hope action and unexpected victories in the midst of them Lily paints a picture where news headlines celebrate communities reviving mangrove forests not just sea levels rising She envisions anchors cheering successful conservation efforts instead of mourning extinct species And she dreams of cities powered by renewable energy not smog covered skyscrapers This book isn t just a call to action it s your guide through the maze of climate change breaking down complex issues revealing victories you might ve missed and introducing you to heroes making a real difference Not the End of the World isn t asking you to ignore the challenges Instead it challenges you to shift from fear to empowerment Every small choice you make has the power to make a difference Lily s book is a reminder we re not just passengers on Earth we re its custodians with the power to craft a story of resilience collaboration and triumph So put down the doomsday scroll turn the page and join Lily on a journey of hope and positive change The future doesn t have to be the end of the world it can be the start of a new era where our actions lead to a thriving sustainable planet Not the End of the World is your rallying call to become part of that change and shape a world that defies the odds **Immigration and Apocalypse** Yii-Jan Lin,2024-11-26 Tracing the metaphor of America as the Book of Revelation s New Jerusalem Yii Jan Lin shows how apocalyptic narratives

have been used to exclude unwanted immigrants America appeared on the European horizon at a moment of apocalyptic expectation and ambition Explorers and colonizers imagined the land to be paradise the New Jerusalem of the Bible's Book of Revelation This groundbreaking volume explores the conceptualization of America as the New Jerusalem from the time of Columbus to the Puritan colonists through U S expansion and from the eras of Reagan to Trump While the metaphor of the New Jerusalem has been useful in portraying a shining God blessed refuge with open gates it has also been used to exclude attack and criminalize unwanted peoples Yii Jan Lin shows how newspapers political speeches sermons cartoons and novels throughout American history have used the language of Revelation to define immigrants as God's enemies who must be shut out of the gates This book exposes Revelation's apocalyptic logic at work in the history of Chinese exclusion the association of the unwanted with disease the contradictions of citizenship laws and the justification for building a U S Mexico wall like the wall around the New Jerusalem This book is a fascinating analysis of the religious biblical and apocalyptic in American immigration history and a damning narrative that weaves together American religious history immigration and ethnic studies and the use of biblical texts and imagery

The Beginning of God Joshua Olumoye, 2023-10-13 God is without beginning and is without end but when the bible says he is the beginning and the end bible is referring to the beginning of his project and the end of his project Particularly the beginning and the end of the living creatures angels and the human beings We all begin with him but we will end up either in heaven or hell good or bad respectively Bible says all things were created by God good and evil Isaiah 45:7 This book reveals the relationship between the creator and the creatures from beginning to the end and the reason why God created evil and good
