Claim:
There are different aquatic systems with diverse organisms.

Evidence	Reasoning/Justification
Aquatic ecosystems have abiotic - temp, light, salinity, depth	Different organisms can tolerate different factors
Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both	Bull sharks and manatees are very different, but tolerate same conditions
Depth reduces light and increases pressure. Organisms deal with this differently.	Many types of adaptations exist to survive in these conditions
The geography of an aquatic environment can determine the life forms present.	Continental shelf gets lots of light, so there's many living things. Not so in the abyss.
Photosynthesis takes place in the neritic zone.	It is the most productive area of the ocean. Plankton are base of food chain.
Metabolism is affected by temp. Many species are cold-blooded.	Organisms can migrate or must have adaptations to survive.

Guide to Evaluating Methods R. M. Strachan,1983 **Masterworks of the Orchestral Repertoire** Donald N. Ferguson,1968-03-04 Masterworks of the Orchestral Repertoire was first published in 1968 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions The fullest enjoyment of an orchestral performance or a record concert comes with a background of knowledge about the music itself This handbook is designed to help music lovers get the ultimate pleasure from their listening by providing them with that background about a large portion of the orchestral repertoire Professor Ferguson analyzes and interprets the most important classical symphonies overtures and concertos as well as selected orchestral works of modern composers He goes beyond a conventional analysis of structure since he believes with a majority of the music loving public that great music is actually a communication that it expresses significant emotions The great composers on their own testimony have striven not merely to create perfect forms but to interpret human experience Mingled with the analyses then the reader will find comments on the expressive purport of the music For twenty five years Professor Ferguson has supplied the program notes for the subscription concerts of the Minneapolis Symphony Orchestra and this volume is an outgrowth of that activity In preparing the material for book publication however he studied the

musical compositions anew and the resulting chapters provide a much deeper exploration of the musical subjects than did the program notes The themes of important works are illustrated by musical notations and a brief glossary explains technical terms All Music Guide to Classical Music Chris Woodstra,Gerald Brennan,Allen Schrott,2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original
