Notification No 34 2012 Service Tax:

A Study of Service Tax in India and its Analysis Dr. Makarand Raghunath Sakhalkar, 2018-03-05 Based on recommendations made by Chelliah Committee on Tax Reforms Service Tax was introduced for the first time in the year 1994. It is a Union levy with a selective approach whereby it is applicable to selected categories of services and not to all the services. The system of levy and collection of Excise Duties on goods is in existence since 1944 under Central Excise Act 1944. However, the concept of levy and collection of Service Tax on paid services was introduced in India for the first time in 1994 by the then Finance Minister Dr Manmohan Singh. It is a tax levied on the transaction of certain specified services by the Central Government under the Finance Act 1994. It is an indirect tax which means that normally the service provider pays the tax and recovers the amount from the recipient of taxable service. *Tax laws and practice* DR.VEENA SONI, 2022-09-30

New Zealand Income Tax Act 2007 (2013 edition) CCH New Zealand Ltd, 2013-07-01 The Income Tax Act 2007 is consolidated to 1 January 2013 and includes a comprehensive summary of amendments, detailed history notes and indexes.

Free Medical Care to the Poor Kurian, Oommen C., 2013-12-01 Charitable Trust Hospitals get various benefits from the government such as land, electricity at subsidised rates, concessions on import duty and income tax in return for which they are expected to provide free treatment to a certain number of indigent patients. In 2005 a scheme was instituted by the high court formalising that 20 per cent beds be set aside for free and concessional treatment at these hospitals. In Mumbai these hospitals have a combined capacity of more than 1600 beds. However, it has been brought to light both by the government and the media that these hospitals routinely flout their legal obligations. Considering that charitable hospitals are key resources for provisioning of health services to an already strained public health system, it is vital to ensure their accountability. This study by CEHAT intended to look at the literature on the history of state aided charitable hospitals in Mumbai and appraise the nature of engagement between the private sector and the state aided hospitals. It critically reviewed the data submitted by the state aided charitable hospitals of Mumbai to the Charity Commissioner on free and subsidised patients to estimate the degree of compliance by the hospitals and also to monitor them. The study found that a substantial number of state aided charitable hospitals do not comply with the scheme and the degree of non-compliance is quite high. Most state aided charitable hospitals never allotted the mandatory 20% beds for treating the poor and instead complained that they were treating too many patients. Data reported to the Charity Commission by the state aided charitable hospitals is inadequate, inconsistent and unsystematic. Charitable hospitals predominantly treat indigent or weaker section patients at the outpatient level because outpatient OP admissions can be passed off as inpatient IP admissions in the current scheme of things and frees an extra bed that can earn thousands of rupees per day. State aided charitable hospitals invariably underreported donations and bed numbers at the office of the Charity Commissioner. No matter how serious the allegations were, no kind of penalties were levied on the offending hospitals. There was not a single instance where disciplinary action

was taken against an offending hospital in Mumbai We hope that the findings of the study would be useful in making key recommendations for effective implementation of the high court scheme especially for guaranteeing access to the poor to the 20% beds that are set aside *Indian Minerals Yearbook* ,2013 **Federal Register** ,2012-12 *U.S. Master Multistate Corporate Tax Guide* CCH TAX Editors,2008 An indispensable resource for professionals who work with multiple state tax jurisdictions this reference offers return preparation guidance for use by taxpayers subject to corporate income or income based taxes in more than one state **Global Forum on Transparency and Exchange of Information for Tax Purposes Peer Reviews: Malaysia 2014 Phase 2: Implementation of the Standard in Practice** OECD,2014-04-24 This book contains the 2014 Phase 2 Global Forum Peer Review report for Malaysia *Australian Income Tax Legislation, 2012, Vol 1* , **Internal Revenue Bulletin** United States.
